10,000 Firemen to Parade

66th Convention Is To Break Record

Kingston's biggest parade Saturday is expected to attract a gathering of visiting firemen that may prove to be a record of nationwide scope.

By advance notice, it is already considered a record parade schedule for the Hudson Valley Volunteer Firemen's Association, and if all goes as scheduled, it will bring together nearly 10,000 persons in the line of march.

Kingston decided to break records, for this, the association's 66th annual convention, in observance of the city's own 200th anniversary of volunteer fire-fighting, and the town is marking the year well with Saturday's big show.

Fire Chief Joseph L. Murphy, of this city, the parade's grand marshal, has reported 115 participating companies, plus bands, drum corps and other units scheduled to parade.

THE PARADE is due to start at 2 p. m., in the Rondout sector, and is expected to last until about 6 p. m. It will disband at the Dietz Memorial Stadium, off North Front street.

Units from points as far apart as Fort Edward in the Adirondack area to Garfield, N. J., and other points in the region of Metropolitan New York are scheduled to participate.

Larger communities in the Hudson valley region will have more than one company in the line of March. Six Kingston companies will be in the escort division, and 27 companies holding membership in the Ulster County Volunteer Firemen's Association, will compose the largest division in the parade.

Fire Chief Murphy's orders call for assembly and lineup of participants an hour ahead of starting time. Three signals on the fire system's air horn signals will notify the units to assemble at 1 p. m. All companies

Plane Warning Flashed 12:08

Kingston and Ulster county were poised early this afternoon for Operation Alert, 1955 — a mock atomic assault scheduled, among other things, to send the President, his cabinet and "Briefcase Brigade" of 15,000 government officials fleeing from the nation's capital.

According to the Civil Defense blueprint, at 3:25 p. m., the city of Washington was to be reduced to "radioactive ash and debris."

KEY WORKERS in 32 government agencies in Washington were to be transported to "relocation points" from 30 to 300 miles from the city under the simulated plan.

Lt. Col. Allan L. Hanstein, director of the Kingston-Ulster Civil Defense Council, said today the first alert was received at 12:08 p. m., three minutes after it was flashed from Washington. This was the Yellow Alert, which is confidential, indicating that enemy planes were approaching.

At 2:05 p. m., the red alert, indicating the planes had reached their target, was scheduled to be sounded. The red alert was to be sounded by means of seven blasts followed by another seven blasts, then a pause. This signal was to be repeated four times.

PEDESTRIANS were to clear the streets at that time, motorists to pull their cars over, park, remove the ignition key and seek shelter. If the motorist was in a rural section, he was to pull his car over and remain in it until the all clear.

The all clear is a signal consisting of five blasts on the fire

Joins Probation Staff of County

Appointment of Charles E. Schultz of 31 Green street as assistant probation officer for Ulster county was announced today by County Judge John M. Cashin. Mr. Schultz will assume office on June 20.

The Ulster County Board of Supervisors recently made provision for employment of an assistant to Chief Probation Officer Edmund U. Burhans when an appropriation of $3,500 was made available. For several years, in his annual report Burhans had recommended an assistant be appointed in order that probation might be more efficiently administered.

A CIVIL SERVICE examination was recently held for applicants and the Department of Civil Service announced an eligible list. Mr. Schultz was second on the eligible list.

A son of Mr. and Mrs. Egbert H. Schultz of 31 Green street, Charles E. Schultz was graduated from Wagner College, S. I., in February. He majored in psychology and sociology at college and following his graduation at which time he re-

Stop-Gap Phone Raise Asked

Homes 30 Cents, Firms 75: Cost

Albany, June 15 (AP) — The New York Telephone Co. today asked the Public Service Commission for what it called a "stop-gap" rate increase of 30 cents a month for home telephones and 75 cents a month for most business phones.

Keith S. McHugh, president of the company, said an interim increase was being asked until litigation over an increase it requested last year is decided in the courts.

McHugh said the interim increase was "intended to meet an immediate and pressing need for additional earnings." For the year to end June 30, he said, the company will earn less than 5.6 per cent on its investment.

LAST AUGUST, the PSC turned down a company request to increase rates by $68,850,000 a year. This would raise monthly charges for home phones by 75 cents and for most business phones by two dollars.

The Appellate Division of State Supreme Court ordered the PSC last month to reopen hearings.

The PSC has asked the Court of Appeals for permission to appeal the lower court's decision.

McHugh said a period of many months might elapse before the issue was decided by the courts. Meanwhile, he said, the company's earnings "have been running at a rate substantially below what the commission said was fair" in its decision last year.

AT THAT time the commission asserted that if earnings fell below the 6 per cent rate as of that date, the company would "be entitled to rate relief." The PSC said it could "act promptly if the need arises."

McHugh said that companies not regulated by the state were showing good earnings while the telephone company was earning "at a lower rate than it did during the depression years."

Besides the increases on home and business phones, the company asked for small boosts in its charges for certain items of telephone equipment and slight increases in rates for some long distance calls within the state.

THE COMPANY president said New York Telephone would put $215,000,000 into plant expansion and improvements this year, 30 million more than that spent for the same purpose in 1954. McHugh said that "only a company in sound financial condition can carry through such a program."

The dispute between the company and the PSC over its rate increase request last year centers on method of evaluating company property. The PSC holds that it should consider the original cost of property in determining rates. The Appellate Division, by a 3-2 vote, upheld the company's position that current replacement costs should be the yardstick.

Attorney General Jacob K. Javits, with Gov. Harriman's support, has applied with the Court of Appeals to intervene on behalf of the PSC in its appeal action.

Drilling Starts For Water Supply In Ulster District

The first actual work toward providing an adequate water supply in the Ulster Water District of the town of Ulster just north of Kingston, was begun Tuesday morning when Hall and Company, Albany, began drilling operations.

The first test is being made on the Chambers property near the end of Orlando street where a well is being drilled in exploration for water. A contract to drill was awarded the company following opening of bids at the town board offices on June 6.

UNDER THE terms of the contract a cased well with a guaranteed capacity of 400 gallons per minute is being sought. Search for an adequate supply of water is the first step in the project and the drillers hope to locate a supply which will provide a flow of about 500 gallons per minute. Present drilling is being done on what engineers feel is the ancient bed of the creek prior to the shifting of the creek bed to its present location. Tests have been made in the locality and exploratory investigations led engineers to believe water in sufficient quantity may be located in this area.

Should an adequate supply be located the next step will be to

Elsworth, Mr. McHugh as representative of the board of supervisors and Commissioner of Jurors Edwin Ashby.

The law provides that a member of the board of supervisors shall be a member of the board.

Argentina Expells Prelates

Two Are Blamed For Disorders

Buenos Aires, Argentina, June 15 (AP)—Well informed sources said today that two Roman Catholic prelates accused in connection with last weekend's disorders have been expelled from Argentina.

They are the Rt. Rev. Manuel Tato, vicar general and auxiliary bishop of Buenos Aires, and the Rt. Rev. Roman Pablo Novoa, canon deacon of the archdiocese.

INFORMED QUARTERS said they were escorted to Ezeiza Airport by federal police and placed aboard an Argentine plane which departed for Rome.

Both are natives of this country. They had been taken yesterday to police headquarters for questioning in connection with the disorders, in which more than a score were injured.

Shortly before they were taken into custody the government issued a decree designed to discharge them from their church posts. This invoked an old Spanish colonial law which gave secular authorities power to dismiss or suspend priests held to have violated their duties, the government said.

Msgr. Tato as auxiliary bishop has been in effect head of the Catholic Church in Argentina during the illness of Santiago Luis Cardinal Copello, primate of the country.

THERE HAS BEEN no official announcement concerning the prelates since they were taken to federal police headquarters late yesterday.

Early this morning federal police staged a series of raids on residences of parish priests, apparently seeking evidence to support the government contention that the clergy incited the clashes between supporters of President Juan D. Peron and the church.

Unofficial reports said there were no arrests this morning, but

Chamber Has 600 Active Members

Public Forum Proposed On School Situation

Several important reports were received and actions taken at the meeting of the board of directors of the Kingston Area Chamber of Commerce last night in the Governor Clinton Hotel at which President J. Ellis Briggs presided.

A total of over 600 active memberships were reported by George Silkworth, chairman of the membership committee. Last night 22 additional new applications were approved bringing the total number of new memberships for the year starting on May 1 up to 113.

It was voted to spend up to $500 on the publication of a new general information folder. A special committee of which John H. Haulenbeek is chairman was authorized to revise the brochure. The supply of the last reprint of 5,000 copies has already been exhausted.

A suggestion made by the area development committee that a public forum or panel be sponsored next fall at which the area school situation be discussed was approved. Dr. Herbert F. Schwartz is chairman of this committee.

The appointment of four additional committees was approved. One will study the possibility of helicopter service to the Kingston area; another will plan on the 1956 annual banquet and a special committee will consider the possibility of sponsoring a business-education day in co-operation with the schools. A new agricultural committee will also be appointed.

The title of the executive head of the Kingston Area Chamber of Commerce was changed from executive-secretary to manager in line with a national trend to

County, Town Aid For Ulster Hits $116,728 Figure

Albany, June 15—Distribution of an annual payment of $5,058,974.03 in state aid for county and town highway purposes was announced Tuesday by State Comptroller Arthur Levitt.

The total includes $2,160,764.20 in state aid to the 57 counties outside of New York city and $2,898,209.83 for road building and repairs by the 932 towns in those counties.

Ulster county will receive $50,000 as its share for roads, and towns of the county $66,728.29 for their highways.

The $5,058,974.03 combined county and town highway aid compares with $5,053,596,55 distributed for the same purposes in 1954.

THE MONEY IS appropriated by the Legislature from the state's local assistance fund.

The state financial aid for county highway purposes is allotted on a matching basis—the state matches county appropriations for construction and maintenance, up to $30-a-mile.

State highway aid to the towns is distributed under a formula involving the local road tax and assures most towns of state aid equal to at least $37.50 a mile.

A summary of the state aid payments for 1955 is attached.

Reminder Given On Draft Call

Selective Service headquarters in the Millard Building today issued a reminder to young men that they are obliged to register for the draft.

Registration may be accomplished at the local draft board office (Local Board 18) Room No. 3, Millard Building, Kingston, Monday through Friday between 8:30 a. m., and 5 p. m.

Would Extend Seaway to Hudson

Project Is Called Vital To U. S. and Canada

Washington, June 15 (AP)—Rep. Winston L. Prouty (R.-Vt.) has revived the proposal for extending the St. Lawrence seaway to the Hidson river by way of Lake Champlain.

Prouty introduced a bill yesterday asking President Eisenhower to have the International Joint Commission study the feasibility for extending the seaway

The idea first was advanced about 20 years ago and was endorsed by the New York and Vermont Legislatures, he said. At that time the IJC said the proposal would be of "questionable economic value" until the St. Lawrence seaway was underway.

Lake Champlain is connected with the St. Lawrence by the Richeliep river and to the Hudson by a section of the New York Barge Canal.

"Now that construction of the seaway has begun," Prouty said in a statement, "it is highly desirable that further investigation and study of the Champlain proposal be made in order that potential traffic, current cost factors and the importance of such a project to the national defense of Canada and the United States can be determined."

He said the "Champlain waterway" would lessen the water distance between the Great Lakes and New York city by about 1,500 miles.

Canada, meanwhile, laid plans for projects related to the seaway.

The Montreal public works director, Lucien L'Allier, reported that current proposals for city traffic improvements in connection with the Seaway would cost 42 million dollars.

They include an expressway along the Seaway retaining walls, a new bridge over the river and a tunnel under it.

Balch Slated for PSC Post, Must Quit as Party Leader

Garden City, N. Y., June 15 (AP)—Democratic State Chairman Richard H. Balch is slated to be appointed a member of the State Public Service Commission by Gov. Averell Harriman.

This will entail his stepping out as state chairman.

Word of the forthcoming appointment came last night from a reliable source at the end of a day-long tour of Nassau county by Balch and Harriman.

Neither Balch nor Harriman would comment on the appointment.

Election of Balch's successor as state chairman will be up to the Democratic State Committee.

Balch would be the second Democrat on the commission and would fill the vacancy created by the resignation of Paul E. Lockwood, a Republican. Lockwood, one-time secretary to former Gov. Thomas E. Dewey, resigned last March after two years on the commission to take a post in private industry. Lockwood's term expires Feb. 1, 1963.

The post carries a salary of $18,500 a year plus $25 a day "in lieu of travel expenses."

Balch headed the State Committee last year when Harriman—aided by Liberal party votes—became the first Democratic governor elected in 12 years.

Sellout Expected for Champions

Drum Corps Spectacle Is for $3,000 in Prizes

Brilliant in spectacle, colorful in presentation, and swelling in music and marching, the Pageant of Champions, presented by the Port Ewen Drum and Bugle Corps, in conjunction with the Hudson Valley Volunteer Firemen's Association, is expected to perform before a sellout crowd at Dietz Stadium, June 18, at 8:30 p. m.

A member of the Port Ewen unit today reported a brisk advance sale for the event, which will feature six championship drum and bugle corps competing for $3,000 in cash prizes and the Chief Joseph L. Murphy trophy.

Celebrated as the country's outstanding drum and bugle corps, the Hawthorne Post No. 199, American Legion, of Hawthorne, N. J., will be one of the colorful corps participating.

New Jersey state champions for the last six years, the Hawthorne corps captured the eastern states championship in 1954 and won the American Legion title in 1951, '53 and '54.

IN 1951, they made a clean sweep of all competition in which they were entered, except the national contest in which they placed second. They placed no lower than second in every contest in which they competed in 1953.

Costumed in Spanish uniforms, their music has a Latin American flavor, and since they are one of the New Jersey units competing against New England corps tremendous interest will be manifested in the rivalry between New Jersey and New England corps, the first time since the national competition in 1954 that this provincial competition has existed.

In addition to the present champions, the following five championship drum and bugle corps will compete: Jersey Joes, Connecticut Yankees and Doremus Post former national champions, Empire State Grenadiers, winners of 126 contests and the

General Wage Pattern Not Set by UAW Plan: Mitchell

New York, June 15 (AP)—Secretary of Labor James P. Mitchell says the unemployment benefit agreements between the CIO United Auto Workers and the Ford Motor Co. and General Motors Corp. need not necessarily set a pattern for other industries.

"It does not follow" that the plan will spread, he said in referring to the supplementary unemployment compensation benefits provided in the recent contract agreements.

Mitchell made the statement in an interview last night as he arrived on the liner Queen Elizabeth from an International Labor Organization (ILO) meeting at Geneva, Switzerland.

The secretary predicted that 1955 will be a record year for employment, wages, income and gross national production.

Commenting on the supplementary unemployment benefit agreements, Mitchell said "it seems to me that the guaranteed annual wage doesn't exist." He added that the American worker "doesn't want to get paid for not working. I think the worker wants stability of employment first and then, if he is unemployed, he wants some sort of compensation."

Kingston's biggest parade Saturday is expected to attract a gathering of visiting firemen that may prove to be a record of nationwide scope.

Argentina Expells Prelates

Two Are Blamed For Disorders

Buenos Aires, Argentina, June 15 (AP)—Well informed sources said today that two Roman Catholic prelates accused in connection with last weekend's disorders have been expelled from Argentina.

They are the Rt. Rev. Manuel Tato, vicar general and auxiliary bishop of Buenos Aires, and the Rt. Rev. Roman Pablo Novoa, canon deacon of the archdiocese.

Would Extend Seaway to Hudson

Project Is Called Vital To U. S. and Canada

Washington, June 15 (AP)—Rep. Winston L. Prouty (R.-Vt.) has revived the proposal for extending the St. Lawrence seaway to the Hidson river by way of Lake Champlain.

The idea first was advanced about 20 years ago and was endorsed by the New York and Vermont Legislatures, he said. At that time the IJC said the proposal would be of "questionable economic value" until the St. Lawrence seaway was underway.

Lake Champlain is connected with the St. Lawrence by the Richeliep river and to the Hudson by a section of the New York Barge Canal.

"Now that construction of the seaway has begun," Prouty said in a statement, "it is highly desirable that further investigation and study of the Champlain proposal be made in order that potential traffic, current cost factors and the importance of such a project to the national defense of Canada and the United States can be determined."

He said the "Champlain waterway" would lessen the water distance between the Great Lakes and New York city by about 1,500 miles.

Canada, meanwhile, laid plans for projects related to the seaway.

The Montreal public works director, Lucien L'Allier, reported that current proposals for city traffic improvements in connection with the Seaway would cost 42 million dollars.

They include an expressway along the Seaway retaining walls, a new bridge over the river and a tunnel under it.

Chamber Has 600 Active Members

Public Forum Proposed On School Situation

Several important reports were received and actions taken at the meeting of the board of directors of the Kingston Area Chamber of Commerce last night in the Governor Clinton Hotel at which President J. Ellis Briggs presided.

A total of over 600 active memberships were reported by George Silkworth, chairman of the membership committee. Last night 22 additional new applications were approved bringing the total number of new memberships for the year starting on May 1 up to 113.

It was voted to spend up to $500 on the publication of a new general information folder. A special committee of which John H. Haulenbeek is chairman was authorized to revise the brochure. The supply of the last reprint of 5,000 copies has already been exhausted.

A suggestion made by the area development committee that a public forum or panel be sponsored next fall at which the area school situation be discussed was approved. Dr. Herbert F. Schwartz is chairman of this committee.

The appointment of four additional committees was approved. One will study the possibility of helicopter service to the Kingston area; another will plan on the 1956 annual banquet and a special committee will consider the possibility of sponsoring a business-education day in co-operation with the schools. A new agricultural committee will also be appointed.

The title of the executive head of the Kingston Area Chamber of Commerce was changed from executive-secretary to manager in line with a national trend to

County, Town Aid For Ulster Hits $116,728 Figure

Albany, June 15—Distribution of an annual payment of $5,058,974.03 in state aid for county and town highway purposes was announced Tuesday by State Comptroller Arthur Levitt.

The total includes $2,160,764.20 in state aid to the 57 counties outside of New York city and $2,898,209.83 for road building and repairs by the 932 towns in those counties.

Ulster county will receive $50,000 as its share for roads, and towns of the county $66,728.29 for their highways.

The $5,058,974.03 combined county and town highway aid compares with $5,053,596,55 distributed for the same purposes in 1954.

THE MONEY IS appropriated by the Legislature from the state's local assistance fund.

The state financial aid for county highway purposes is allotted on a matching basis—the state matches county appropriations for construction and maintenance, up to $30-a-mile.

State highway aid to the towns is distributed under a formula involving the local road tax and assures most towns of state aid equal to at least $37.50 a mile.

A summary of the state aid payments for 1955 is attached.

Sellout Expected for Champions

Drum Corps Spectacle Is for $3,000 in Prizes

Brilliant in spectacle, colorful in presentation, and swelling in music and marching, the Pageant of Champions, presented by the Port Ewen Drum and Bugle Corps, in conjunction with the Hudson Valley Volunteer Firemen's Association, is expected to perform before a sellout crowd at Dietz Stadium, June 18, at 8:30 p. m.

A member of the Port Ewen unit today reported a brisk advance sale for the event, which will feature six championship drum and bugle corps competing for $3,000 in cash prizes and the Chief Joseph L. Murphy trophy.

Celebrated as the country's outstanding drum and bugle corps, the Hawthorne Post No. 199, American Legion, of Hawthorne, N. J., will be one of the colorful corps participating.

New Jersey state champions for the last six years, the Hawthorne corps captured the eastern states championship in 1954 and won the American Legion title in 1951, '53 and '54.

IN 1951, they made a clean sweep of all competition in which they were entered, except the national contest in which they placed second. They placed no lower than second in every contest in which they competed in 1953.

Costumed in Spanish uniforms, their music has a Latin American flavor, and since they are one of the New Jersey units competing against New England corps tremendous interest will be manifested in the rivalry between New Jersey and New England corps, the first time since the national competition in 1954 that this provincial competition has existed.

In addition to the present champions, the following five championship drum and bugle corps will compete: Jersey Joes, Connecticut Yankees and Doremus Post former national champions, Empire State Grenadiers, winners of 126 contests and the

DEATH OF A BANDIT—Motorcycle policeman Aurelio De Filippi leans across the body of the payroll bandit he shot to death in a gun duel on a busy downtown street in New York June 14. Balch Slated for PSC Post, Must Quit as Party Leader

Garden City, N. Y., June 15 (AP)—Democratic State Chairman Richard H. Balch is slated to be appointed a member of the State Public Service Commission by Gov. Averell Harriman.

This will entail his stepping out as state chairman.

Word of the forthcoming appointment came last night from a reliable source at the end of a day-long tour of Nassau county by Balch and Harriman.

Neither Balch nor Harriman would comment on the appointment.

Election of Balch's successor as state chairman will be up to the Democratic State Committee.

Balch would be the second Democrat on the commission and would fill the vacancy created by the resignation of Paul E. Lockwood, a Republican. Lockwood, one-time secretary to former Gov. Thomas E. Dewey, resigned last March after two years on the commission to take a post in private industry. Lockwood's term expires Feb. 1, 1963.

The post carries a salary of $18,500 a year plus $25 a day "in lieu of travel expenses."

Balch headed the State Committee last year when Harriman—aided by Liberal party votes—became the first Democratic governor elected in 12 years.

General Wage Pattern Not Set by UAW Plan: Mitchell

New York, June 15 (AP)—Secretary of Labor James P. Mitchell says the unemployment benefit agreements between the CIO United Auto Workers and the Ford Motor Co. and General Motors Corp. need not necessarily set a pattern for other industries.

"It does not follow" that the plan will spread, he said in referring to the supplementary unemployment compensation benefits provided in the recent contract agreements.

Mitchell made the statement in an interview last night as he arrived on the liner Queen Elizabeth from an International Labor Organization (ILO) meeting at Geneva, Switzerland.

The secretary predicted that 1955 will be a record year for employment, wages, income and gross national production.

Commenting on the supplementary unemployment benefit agreements, Mitchell said "it seems to me that the guaranteed annual wage doesn't exist." He added that the American worker "doesn't want to get paid for not working. I think the worker wants stability of employment first and then, if he is unemployed, he wants some sort of compensation."

Catholic Paper Gives Views on Uprisings

Rome, June 15 (AP)—Il Quotidiano, organ of Italian Catholic Action, accused the Argentine government today of waging war on the Roman Catholic Church "at the expense of liberty and human dignity."

The newspaper headed its front page editorial with the caption: "The Falsehoods of the Persecutors."

Denying charges that priests in Argentina are "clerical politicians," Quotidiano said:

"All this is only the usual idle talk of a regime which considers themselves the source and rule for every right and every duty, at the expense of liberty and human dignity."

Catholic Paper Gives Views on Uprisings

Rome, June 15 (AP)—Il Quotidiano, organ of Italian Catholic Action, accused the Argentine government today of waging war on the Roman Catholic Church "at the expense of liberty and human dignity."

The newspaper headed its front page editorial with the caption: "The Falsehoods of the Persecutors."

Denying charges that priests in Argentina are "clerical politicians," Quotidiano said:

"All this is only the usual idle talk of a regime which considers themselves the source and rule for every right and every duty, at the expense of liberty and human dignity."

It was the second Chinese acceptance of parcels. Forty-four were handed over on May 30, the day before the four U. S. fliers were released. Another delivery is scheduled June 6.

LATEST HOOVER REPORT

The current crop of reports from the revived Hoover Commission has not aroused the same general admiration that greeted the original recommendations several years ago. But the newest report urging expansion of research and development is clearly commendable.

The commission believes the federal government is not spending enough money on either civilian or military research programs. It described as "dangerous and false" economy any approach which would hold appropriations for these purposes to minimum levels.

Perhaps the commission's most serious charge is that U. S. armed services lack daring and imagination in the development of radical new weapons.

This is not the first time such a charge has been made. The record of World War II and after contains many examples of superior technical advances by other nations. The United States either matched these very late in the game, or is still behind.

The evidence suggests that some of the gains we have managed have come almost in spite of the Pentagon, rather than because of it.

It is said to be common knowledge among scientists who work with the military that only steady prodding by researchers and others outside normal channels produced some of our more exciting developments. Those in positions of control too often stood as a roadblock to progress.

Apparently conservative attitudes are partly to blame, but so also are habits of complacency in appraising what other countries are doing. On the basis of the record, one finds it difficult to understand what real ground there can be for complacency.

When all else fails, and we acknowledge in certain specific fields that a friendly competitor or a potential enemy has either equaled or surpassed us, we fall back on the old American stand-by—superior production know-how.

But we can be lulled into risky complacency by this as well.

Recent fresh evaluations of Russia's capacity to produce an intercontinental bomber and some fighter types illustrate the peril. Evidently we have known for some time that the Soviet Union had developed these craft. But we blithely assumed it could not produce them in any significant numbers for a good while to come.

Now that we know differently, we are hiking our output of B-52 intercontinental bombers by 35 per cent.

Americans are basically a highly inventive people. But if we are to get the maximum peacetime benefits and maximum security from this characteristic, we must give free play and ample funds to our boldest men. That is the meaning of the latest Hoover report.

A fellow in the office says the Russian approaches to Tito remind him of his own behavior when that old so-and-so he had told where to head in turned out to be the boss's wife.

VALUE OF REFERENCES

Ohio newspapers devoted a great deal of space to the story of a seventeen-year-old girl sought by police as the suspected leader of a gang of bank robbers.

Among those interviewed was a family which had once employed the girl as a baby sitter. They described her as unreliable, unsanitary and disorderly in her personal habits and extremely flighty. Yet they said they got her a job with an insurance company to "get rid of her."

Their intentions may have been good. But by recommending a person they had found to be unworthy they did a great disservice to her new employer.

Too often individuals and companies ignore responsibility in the hope that they can get rid of an unwanted employe and at the same time not have to fire him. All this does is make employers skeptical of the value of good references no matter how well-deserved they may be. There are exceptions to the advice that "If you can't say anything good about at person at least don't say something bad."

'These Days'

By GEORGE SOKOLSKY

THE SONG GOES ROUND

We were chewing the rag over a chicken hamburger, the other great mind being as receptive of an argument, pro or con, as I am. The chicken hamburger is a special dish of Walter Winchell's at the Stork Club, upon which I have improved by making two out of one which crisps up more of the surface. This addition to the art of gastronomics is no reflection on Winchell's taste, each man having his own, like a girl I know who wastes a good steak by having it reduced to the texture of leather before she can enjoy it.

However, this is not where we started at all. The subject is the argument and the other disputant was the delightful Bennett Cerf whose conscience must 'prick him over his success as a business man, so he has, in his prime—we went to college together—become a columnist and tells jokes ancient and novel for the delectation of the elite. He said:

"What I object to in you is that no matter where you start, you come out in the same place."

Modestly, I felt that that could have been said about Aristotle, Spinoza, Herbert Spencer, John Stuart Mill, Karl Marx or Joe Blow who having attained some years of experience and maturity, reached a conclusion, right or wrong, as to what is correct and used that conclusion as a yardstick to measure whatever came before them. Thomas Aquinas, who has guided me into many paths, wrote a library of learned volumes to provide just such a guide for human thought and conduct. In many respects, most mothers use such yardsticks of conduct when they instruct their progeny.

This raises the question perhaps of what makes our age so confusing. The Marxists have a positive position which is established by a canon which they pursue orthodoxly. They know what they are doing even if the rest of us hold that what they are doing is immoral. They progress rapidly because they function within the margins of guiding ideas. The Roman Catholics, even more so, in matters of faith and morals insist upon the application of their canon of moral criteria to conduct. Again the position is positive; there can be few uncertainties although there will be more differences of approach than among the Marxists who are more rigid because they are fighting politically and imperially and refuse to tolerate dissension which they call, deviation.

Most other groups in our current society take a colorless, middle-of-the-road position, pragmatic, opportunistic, hoping that the best will work out and avoiding to stipulate their own conceptions as to what is best. Their goals are blurred because they fear to focus on goals. Worst of all, so large a part of mankind in the Western world fears personal unpopularity, personal unfashionableness, that it avoids focussing on goals, lest they be not the wrong ones but the unfashionable ones.

Thus while Communism is unpopular in the United States, so is anti-Communism. The theory is that it is not necessary to fight Communism but only to abhor it. The difficulty with that view is that it comes out to the advantage of the Communist because he fights with fanatical fervor. He fights to a goal and even uses those who abhor him as means to an end.

Therefore, those who see the peril ahead have a guidepost for thought and conduct. And this point can be made that while personal fashionableness may bring one personal success, the disappointments come when the fashions change. In this connection, I should like to recommend a book written by one who has often spoken unkindly of such conservatives as myself and who himself was once a Communist but now, even in young years, is only a cynic. The author of this book is Murray Kempton and his opus is entitled, "Part of Our Time: Some Monuments and Ruins of the Thirties." He speaks of certain fashionable tendencies in the 30's which are causing considerable grief in the 50's to those who know not where they belong.

It is preferable to find an intellectual and moral mansion where one can live in contemplation of the ways of men. Life was less confusing in the 1920's, and even better in the 1910's, although Ibsen and George Bernard Shaw and Havelock Ellis were doing their best to upset the world.

That Body of Yours

By JAMES W. BARTON, M.D.

THE DOCTOR'S BILL

"If you are unable to care properly for the enclosed account at this time, we take pleasure in extending to you the privilege of arranging for budget payments in accordance with your circumstances."

The above notice, enclosed with a bill for medical services by a certain doctor, drew favorable comment from many quarters. The notice, it was learned, was sent out with bills that were at least five months old. If ignored, an effort was made to determine the reason. Usually it was not necessary, as there was immediate and favorable reply. This is not surprising in view of the notice's friendliness and desire to be helpful. Complaints lodged with various grievance committees indicate that there should be more of this sort of thing because it is found that most difficulties arise out of differences over the doctor's bill.

Thus we read in the Canadian Doctor that, in most cases, misunderstandings over doctors' bills are not the result of of overcharges but at the same time they clearly show that there is something radically wrong with the physician-patient financial relationship. It is felt that some of the causes for these misunderstandings may be:

1. Failure of the doctor to discuss, in advance, the cost of his services with the patient. This seems to be the primary cause of misunderstanding and bitterness. There should be no hesitancy on the part of the doctor to talk frankly to the patient or members of his family about his charges. With very few exceptions, he will find them grateful.

2. Failure on the part of the doctor to take time to talk to patients who object to his fees. The failure raises doubts and misunderstandings in patients who are hesitant to inquire of a doctor with whom they are pleased how he arrived at the figures shown on the statement which bears only the explanation, "Balance due for services rendered." As a matter of fact, they should not have to request this information; it should be provided as a matter of routine. In some instances, of course, it is customary to make an over-all charge for services rendered. But, ordinarily, there is no reason why the doctor should not itemize the bill.

3. Failure on the part of the doctor to use good judgment in enforcing collection of bills. Most patients want to do the right thing and there may be good reasons why they haven't paid the doctor what they owe him. If possible, the physician should talk to them in the office. Where this is not possible, he should write them personally.

To be fair, we should point out, on behalf of the doctor, that there is the not uncommon home where the television or radio repair bill is paid automatically, but the doctor's bill is held over from month to month.

Folks Aren't Interested in Boat-Rocking Any More

Edson's Washington News Notebook

BY PETER EDSON
NEA Washington Correspondent

Washington —(NEA)— President Eisenhower has indicated that German Chancellor Konrad Adenauer will have a completely free hand if he wants to go to Moscow and deal with the Russians.

Dr. Adenauer will be in Washington June 13 and 14 to see President Eisenhower and Secretary of State John Foster Dulles before receiving an honorary degree at Harvard. And as German Ambassador to Washington Dr. Heinz Krekeler declares, "I hope there will be more to their meeting than meets the eye."

From the President's press conference statement, it is clear that no strings of any kind are to be tied on future American aid to Germany or the maintenance of American troops in western Europe. The German Federal Republic will have full freedom to act as a sovereign nation which it now is.

Present indications are that the Germans will not attempt to meet the Russians till after the Big Four meeting now being planned to open in Geneva on July 18.

THE GENERAL PURPOSE of the Big Four meeting at the summit is now understood to be merely identification of the problems affecting East-West tensions. There will be no attempt to solve completely problems such as the German-Russian differences.

It is believed likely, however, that in any direct negotiations between the Germans and the Russians to "normalize" their relations, Dr. Adenauer or his ministers will have more to demand of the Russians than the Russians will demand of the Germans.

..

This became apparent immediately after Ambassador Krekeler's recent return from Bonn, following admission of Germany to the North Atlantic Treaty Organization.

Obviously speaking with the full authority of his government, the Ambassador put reunification of west Germany with the Communist controlled East Germany as a first objective.

"We know that we must not try for reunification of Germany at a price or under conditions which would endanger our security," Ambassador Krekeler declared. Then he added significantly: "We cannot possibly agree to any plans for a neutralization of Germany."

THAT STATEMENT would seem to close the door to any Russian idea that they can bargain over the issue. That means no Russian agreement to reunification in exchange for German withdrawal from NATO or withdrawal of American troops.

Any fears that western Germany—having obtained its independence—will sell out American support were foreclosed by the ambassador with the flat statement:

"Any kind of European security system without participation of the United States—as has been suggested by the Soviet Union—seems worthless to us and could only result in establishing Soviet control over all of Europe. Without American help, no European country could ever hope to defend itself.

"The Soviet Union is not morally justified in asking a 'price' for reunification," the Ambassador added. "We demand . . . that Soviet Russia set free the 18 million East Germans."

This is certainly not the language of a weakened Germany, going to Moscow with hat in hand to beg favors of Communist masters. It is more the spirit of the old Germany.

AS TO WHETHER this reborn Germany will again go rampaging through Europe, demanding "lebensraum," Krekeler declared:

"A united Germany needs cooperation with other countries of Europe. If we don't cooperate, we're all done for. Today, the grass roots people of Germany feel that we are now a part of the European community. This is the greatest difference."

"There is no doubt that a reunited Germany would seek close association with the West," the Ambassador asserted. But he admitted that this raised a real problem for the Soviet as long as tension between East and West exists.

The solution to this part of the problem can be found only in a conference of the Big Four powers. The Soviet will have to be assured that its fears of an attack from the West are groundless, so as to make it easier for the Russian forces to be withdrawn from central and eastern Germany.

America Should Risk Something to Win More Says Stevenson, in Four-Power Meeting

By DAVID LAWRENCE

Washington, June 14—Is the Democratic party to be characterized as the party of appeasement, and does its leadership still favor the same spirit of surrender which led to the Yalta agreements in 1945?

This would readily be answered in the negative, because of the fine statements of American purpose recently made by Sens. Lyndon Johnson, of Texas, and Walter George, of Georgia, were it not for the startling speech just delivered by Adlai Stevenson, who is conceded by most observers as likely to lead the Democratic party in the 1956 presidential campaign.

Mr. Stevenson unashamedly comes out for "bargaining" and "trading" with the Red gangsters in Moscow and offers the curious disclaimer in advance that, "if things go wrong in the future" in the agreements made "at the summit" by the four-power statesmen, there should be no denunciation of the participants. He seems to sense already that the agreements might turn out to be bad.

"To want peace is to want compromise," says Mr. Stevenson. But is this truly the attitude of a nation that has been taught morality and idealism? Is there ever a justification for "compromise" with evil men and evil things? Mr. Stevenson seems to think that anything is "better than the alternative, which is a sharpening and prolonging of ugly, dangerous tensions."

This is really a peace-at-any-price doctrine, and it is astonishing to find the leader of the Democratic party openly advocating its equivalent.

"We shall have to be prepared to take some chances," argues the Presidential nominee of 1952, "to risk something to win more." He adds that America should be willing to "take some reasonable chances." Does this mean that Mr. Stevenson is ready to see all American troops withdrawn from Europe, a distance of 3,000 miles, while the Russians go back just a few hundred miles? Does he mean that America is to agree to some more "coalition" cabinets such as led to the fall of the governments of Poland and Czechoslovakia, and later undermined the Nationalist government in China? Would Mr. Stevenson be willing to accept the Communist idea of "free elections" in East Germany, with Soviet-controlled troops coercing the electorate? Possibly it means that Mr. Stevenson would favor giving up the American stockpile of atomic bombs and agreeing to some kind of disarmament plan in which America takes plenty of chances while the dishonest men in the Kremlin take no chances because they never would keep the agreements they signed anyway.

Mr. Stevenson, as the titular leader of the Democratic party today, will probably be asked to spell out just what he does mean. Maybe there are other Democratic party leaders who do not think he is reflecting the true spirit of America today and will tell him not to assume that he can speak for the Democratic party in such terms. But, if not, there are Republicans surely who will want Mr. Stevenson to define what he meant in that speech delivered this week at the commencment exrcises of Oberlin College.

What really requires explanation is Mr. Stevenson's clumsy attempt to apologize for what happened at Yalta as just an ordinary mistake in diplomacy, which he seems to think wasn't apparent at the time. Is the criticism of Yalta today really "hindsight?" The record in the newspapers and elsewhere shows that plenty of speakers and some writers, including this correspondent, called attention before and immediately after Yalta to the plan to sell Poland down the river. Mr. Stevenson puts it this way:

"We shall have to learn that diplomacy by hindsight is not good. We shall have to learn not to denounce our representatives as traitors or suspicious characters if anything goes wrong in the future."

Now, nobody has denounced the top participants at the Yalta conference as "traitors" or "suspicious characters," but there is plenty of evidence that Alger Hiss had a hand in planning what went on in American diplomacy before and after Yalta and that the late Harry Dexter White, who held a post high up in the Treasury Department, had a hand in delaying the delivery of American financial aid to the Nationalist government in China at a critical time—a circumstance that was helpful to the Communists in their conquest of the mainland of China. Does Mr. Stevenson wave Messrs. Hiss and White aside as merely "suspicious characters?"

Mr. Stevenson has challenged those who know the story of treason under the Democritic administrations to bring it out in the open once more and show the American people how public policy under the Roosevelt regime was influenced by men sympathetic to Communist imperialism. By asking the government of the United States to engage in "compromise" where basic principle and honor are concerned is to disregard morality just because the alternative may be a period of ugly tension. This is something new in the appeasement line.

The Republicans ought to be glad that Mr. Stevenson has thus early revealed the kind of campaign strategy he means to adopt for 1956. But the country will be saddened to see as fine a personality as Adali Stevenson falling for the appeasement buncombe that has motivated the opposition parties in Europe and which the Kremlin must inevitably welcome as a symptom of the breakdown of bipartisanship in America on the eve of the four-power conference.

AS PEGLER SEES IT

By WESTBROOK PEGLER

I have lately dealt with the immurement in lunatic asylums of a number of persons by the federal government. The cases are all bad and are symptoms of a growing campaign to disqualify and discredit political dissenters on the ground that they are "disturbed." However, the case of Mrs. Lucille Miller, of Bethel, Vt., is absolutely rotten. And Herbert Brownell, the attorney general, is going to find out that he made a bad mistake before he is done with this one.

Mrs. Miller was indicted on a charge of violating the draft law. She claims the law is unconstitutional and demands a trial. Brownell seems to lack confidence that he can vindicate the law even though his adversary is not a lawyer and refuses to permit any lawyer to defend her. Instead of granting her a "speedy" trial as guaranteed by the Constitution, Brownell's court in Vermont threw her into a booby-hatch for two weeks and then brought in two psychiatrists, whatever that may mean, to declare that she was not in shape, mentally, to do herself justice in a trial.

Therefore, with a strange show of consideration for the victim, the Department of Justice gassed the Miller household in the night, seized her and flew her all the way to Washington for "treatment" in St. Elizabeth's Hospital, a terrible old fire-trap, where she is compelled to associate with terrible people. Under such conditions any normal person is likely to be driven crazy as Brownell certainly knows. And, anyway, if it is true that she is not fit to defend herself, why can't she stay at home with her husband and three small children? She never committed any violence. Why the precautions? This treatment is brutal and shocking as a sample of the menace that hangs over all political critics of the draft, the United Nations, the Roosevelt myth, and Eisenhower's political clique.

Brownell will have to send her back to Bethel but then how will he explain this awful abuse of a patriotic citizen who certainly is not crazy by any reasonable, established test. He might have to undertake to prove that "genocidal" sentiments are proof of lunacy.

As George Sokolsky recently wrote, in pleading her case, Mrs. Miller has expressed dislike of some Jews. Sokolsky is himself a Jew and he wrote that he believed Mrs. Miller hated him, individually. Nevertheless, he insisted that that was no excuse to gas the home of a citizen at night and fly her away to a loathsome bedlam, far from her family. If Brownell does undertake to establish as American law the proposition that "prejudice" or "intolerance" is proof of lunacy, he will have a battle on his hands which will bring consequences unforeseen. Every American has a right to cherish or loathe whomsoever for whatever reason is sufficient to him. That seems to be Sok's position.

Dorothy Thompson, who lives near Bethel, wrote me some time ago that she intended to make close inquiries on the scene. Miss Thompson is a first-class reporter and I hope that she will not give in to the temptation to pass a layman's opinion on a subject which thus far has defied all efforts of science. There is too much of that. There is no science here. There are a few decent, respectable doctors groping in the mysteries of psychiatry and psychology, but it is a menacing fact that many psychiatrists are political radicals and either pro-Communist or ready to suspect that anyone who hates Communists as Lucille Miller did is "paranoid." Last year a reporter showed to a psychiatrist a specimen of a "doodle" said to have been drawn by Joe McCarthy. He wanted to know, without telling the psychiatrist whose "doodle" this was, what mental characteristics the scrawl revealed. The psychiatrist said these meaningless lines revealed Hitlerian tendencies.

Another psychiatrist had the gall to broadcast for the Democratic party in 1952 a "psychiatric diagnosis" of McCarthy, whom he had never even seen. He confessed that this was a great handicap to a scientific man. This specimen said Joe resembled Stalin, then compared Joe's book on himself with Hitler's "Mein Kampf" and finally laid it down as scientific judgment that Joe must be effeminate because he was so markedly masculine. I have never observed any overemphasis on masculinity in Joe McCarthy. He is just normal. But, by this test, then the late General Hugh Johnson must have been a prinking pansy and blood and guts Patton an old-fashioned Broadway chorus-boy.

Altogether, psychiatry is overloaded with political bigots. And what can anyone say for a branch of medicine which will permit one of its practitioners, claiming professional distinction, to diagnose a patient he has never seen, smear the victim with a loathsome insinuation for a political purpose with absolutely no scientific excuse all without the "patient's" permission? Would an ehtical M.D., walking on the street point to some respectable woman and yell for everyone to hear that she was infected with a loathsome disease?

Dorothy Thompson proposed in 1944 that we forego the presidential election and get on with the war. I disagreed but I don't say she was crazy.

Millions of Americans believe in the Apostle's Creed and there are psychiatrists who would lock them all away for proclaiming that belief.

LATEST HOOVER REPORT

The current crop of reports from the revived Hoover Commission has not aroused the same general admiration that greeted the original recommendations several years ago. But the newest report urging expansion of research and development is clearly commendable.

The commission believes the federal government is not spending enough money on either civilian or military research programs. It described as "dangerous and false" economy any approach which would hold appropriations for these purposes to minimum levels.

Perhaps the commission's most serious charge is that U. S. armed services lack daring and imagination in the development of radical new weapons.

This is not the first time such a charge has been made. The record of World War II and after contains many examples of superior technical advances by other nations. The United States either matched these very late in the game, or is still behind.

The evidence suggests that some of the gains we have managed have come almost in spite of the Pentagon, rather than because of it.

It is said to be common knowledge among scientists who work with the military that only steady prodding by researchers and others outside normal channels produced some of our more exciting developments. Those in positions of control too often stood as a roadblock to progress.

Apparently conservative attitudes are partly to blame, but so also are habits of complacency in appraising what other countries are doing. On the basis of the record, one finds it difficult to understand what real ground there can be for complacency.

When all else fails, and we acknowledge in certain specific fields that a friendly competitor or a potential enemy has either equaled or surpassed us, we fall back on the old American stand-by—superior production know-how.

But we can be lulled into risky complacency by this as well.

Recent fresh evaluations of Russia's capacity to produce an intercontinental bomber and some fighter types illustrate the peril. Evidently we have known for some time that the Soviet Union had developed these craft. But we blithely assumed it could not produce them in any significant numbers for a good while to come.

Now that we know differently, we are hiking our output of B-52 intercontinental bombers by 35 per cent.

Americans are basically a highly inventive people. But if we are to get the maximum peacetime benefits and maximum security from this characteristic, we must give free play and ample funds to our boldest men. That is the meaning of the latest Hoover report.

A fellow in the office says the Russian approaches to Tito remind him of his own behavior when that old so-and-so he had told where to head in turned out to be the boss's wife.

VALUE OF REFERENCES

Ohio newspapers devoted a great deal of space to the story of a seventeen-year-old girl sought by police as the suspected leader of a gang of bank robbers.

Among those interviewed was a family which had once employed the girl as a baby sitter. They described her as unreliable, unsanitary and disorderly in her personal habits and extremely flighty. Yet they said they got her a job with an insurance company to "get rid of her."

Their intentions may have been good. But by recommending a person they had found to be unworthy they did a great disservice to her new employer.

Too often individuals and companies ignore responsibility in the hope that they can get rid of an unwanted employe and at the same time not have to fire him. All this does is make employers skeptical of the value of good references no matter how well-deserved they may be. There are exceptions to the advice that "If you can't say anything good about at person at least don't say something bad."

'These Days'

By GEORGE SOKOLSKY

THE SONG GOES ROUND

We were chewing the rag over a chicken hamburger, the other great mind being as receptive of an argument, pro or con, as I am. The chicken hamburger is a special dish of Walter Winchell's at the Stork Club, upon which I have improved by making two out of one which crisps up more of the surface. This addition to the art of gastronomics is no reflection on Winchell's taste, each man having his own, like a girl I know who wastes a good steak by having it reduced to the texture of leather before she can enjoy it.

However, this is not where we started at all. The subject is the argument and the other disputant was the delightful Bennett Cerf whose conscience must prick him over his success as a business man, so he has, in his prime—we went to college together—become a columnist and tells jokes ancient and novel for the delectation of the elite. He said:

"What I object to in you is that no matter where you start, you come out in the same place."

Modestly, I felt that that could have been said about Aristotle, Spinoza, Herbert Spencer, John Stuart Mill, Karl Marx or Joe Blow who having attained some years of experience and maturity, reached a conclusion, right or wrong, as to what is correct and used that conclusion as a yardstick to measure whatever came before them. Thomas Aquinas, who has guided me into many paths, wrote a library of learned volumes to provide just such a guide for human thought and conduct. In many respects, most mothers use such yardsticks of conduct when they instruct their progeny.

This raises the question perhaps of what makes our age so confusing. The Marxists have a positive position which is established by a canon which they pursue orthodoxly. They know what they are doing even if the rest of us hold that what they are doing is immoral. They progress rapidly because they function within the margins of guiding ideas. The Roman Catholics, even more so, in matters of faith and morals insist upon the application of their canon of moral criteria to conduct. Again the position is positive; there can be few uncertainties although there will be more differences of approach than among the Marxists who are more rigid because they are fighting politically and imperially and refuse to tolerate dissension which they call, deviation.

Most other groups in our current society take a colorless, middle-of-the-road position, pragmatic, opportunistic, hoping that the best will work out and avoiding to stipulate their own conceptions as to what is best. Their goals are blurred because they fear to focus on goals. Worst of all, so large a part of mankind in the Western world fears personal unpopularity, personal unfashionableness, that it avoids focussing on goals, lest they be not the wrong ones but the unfashionable ones.

Thus while Communism is unpopular in the United States, so is anti-Communism. The theory is that it is not necessary to fight Communism but only to abhor it. The difficulty with that view is that it comes out to the advantage of the Communist because he fights with fanatical fervor. He fights to a goal and even uses those who abhor him as means to an end.

Therefore, those who see the peril ahead have a guidepost for thought and conduct. And this point can be made that while personal fashionableness may bring one personal success, the disappointments come when the fashions change. In this connection, I should like to recommend a book written by one who has often spoken unkindly of such conservatives as myself and who himself was once a Communist but now, even in young years, is only a cynic. The author of this book is Murray Kempton and his opus is entitled, "Part of Our Time: Some Monuments and Ruins of the Thirties." He speaks of certain fashionable tendencies in the 30's which are causing considerable grief in the 50's to those who know not where they belong.

It is preferable to find an intellectual and moral mansion where one can live in contemplation of the ways of men. Life was less confusing in the 1920's, and even better in the 1910's, although Ibsen and George Bernard Shaw and Havelock Ellis were doing their best to upset the world.

That Body of Yours

By JAMES W. BARTON, M.D.

THE DOCTOR'S BILL

"If you are unable to care properly for the enclosed account at this time, we take pleasure in extending to you the privilege of arranging for budget payments in accordance with your circumstances."

The above notice, enclosed with a bill for medical services by a certain doctor, drew favorable comment from many quarters. The notice, it was learned, was sent out with bills that were at least five months old. If ignored, an effort was made to determine the reason. Usually it was not necessary, as there was immediate and favorable reply. This is not surprising in view of the notice's friendliness and desire to be helpful. Complaints lodged with various grievance committees indicate that there should be more of this sort of thing because it is found that most difficulties arise out of differences over the doctor's bill.

Thus we read in the Canadian Doctor that, in most cases, misunderstandings over doctors' bills are not the result of of overcharges but at the same time they clearly show that there is something radically wrong with the physician-patient financial relationship. It is felt that some of the causes for these misunderstandings may be:

1. Failure of the doctor to discuss, in advance, the cost of his services with the patient. This seems to be the primary cause of misunderstanding and bitterness. There should be no hesitancy on the part of the doctor to talk frankly to the patient or members of his family about his charges. With very few exceptions, he will find them grateful.

2. Failure on the part of the doctor to take time to talk to patients who object to his fees. The failure raises doubts and misunderstandings in patients who are hesitant to inquire of a doctor with whom they are pleased how he arrived at the figures shown on the statement which bears only the explanation, "Balance due for services rendered." As a matter of fact, they should not have to request this information; it should be provided as a matter of routine. In some instances, of course, it is customary to make an over-all charge for services rendered. But, ordinarily, there is no reason why the doctor should not itemize the bill.

3. Failure on the part of the doctor to use good judgment in enforcing collection of bills. Most patients want to do the right thing and there may be good reasons why they haven't paid the doctor what they owe him. If possible, the physician should talk to them in the office. Where this is not possible, he should write them personally.

To be fair, we should point out, on behalf of the doctor, that there is the not uncommon home where the television or radio repair bill is paid automatically, but the doctor's bill is held over from month to month.

Folks Aren't Interested in Boat-Rocking Any More

Edson's Washington News Notebook

BY PETER EDSON
NEA Washington Correspondent

Washington —(NEA)— President Eisenhower has indicated that German Chancellor Konrad Adenauer will have a completely free hand if he wants to go to Moscow and deal with the Russians.

Dr. Adenauer will be in Washington June 13 and 14 to see President Eisenhower and Secretary of State John Foster Dulles before receiving an honorary degree at Harvard. And as German Ambassador to Washington Dr. Heinz Krekeler declares, "I hope there will be more to their meeting than meets the eye."

From the President's press conference statement, it is clear that no strings of any kind are to be tied on future American aid to Germany or the maintenance of American troops in western Europe. The German Federal Republic will have full freedom to act as a sovereign nation which it now is.

Present indications are that the Germans will not attempt to meet the Russians till after the Big Four meeting now being planned to open in Geneva on July 18.

THE GENERAL PURPOSE of the Big Four meeting at the summit is now understood to be merely identification of the problems affecting East-West tensions. There will be no attempt to solve completely problems such as the German-Russian differences.

It is believed likely, however, that in any direct negotiations between the Germans and the Russians to "normalize" their relations, Dr. Adenauer or his ministers will have more to demand of the Russians than the Russians will demand of the Germans.

This became apparent immediately after Ambassador Krekeler's recent return from Bonn, following admission of Germany to the North Atlantic Treaty Organization.

Obviously speaking with the full authority of his government, the Ambassador put reunification of west Germany with the Communist controlled East Germany as a first objective.

"We know that we must not try for reunification of Germany at a price or under conditions which would endanger our security," Ambassador Krekeler declared. Then he added significantly: "We cannot possibly agree to any plans for a neutralization of Germany."

THAT STATEMENT would seem to close the door to any Russian idea that they can bargain over the issue. That means no Russian agreement to reunification in exchange for German withdrawal from NATO or withdrawal of American troops.

Any fears that western Germany—having obtained its independence—will sell out American support were foreclosed by the ambassador with the flat statement:

"Any kind of European security system without participation of the United States—as has been suggested by the Soviet Union—seems worthless to us and could only result in establishing Soviet control over all of Europe. Without American help, no European country could ever hope to defend itself.

"The Soviet Union is not morally justified in asking a 'price' for reunification," the Ambassador added. "We demand . . . that Soviet Russia set free the 18 million East Germans."

This is certainly not the language of a weakened Germany, going to Moscow with hat in hand to beg favors of Communist masters. It is more the spirit of the old Germany.

AS TO WHETHER this reborn Germany will again go rampaging through Europe, demanding "lebensraum," Krekeler declared:

"A united Germany needs cooperation with other countries of Europe. If we don't cooperate, we're all done for. Today, the grass roots people of Germany feel that we are now a part of the European community. This is the greatest difference."

"There is no doubt that a reunited Germany would seek close association with the West," the Ambassador asserted. But he admitted that this raised a real problem for the Soviet as long as tension between East and West exists.

The solution to this part of the problem can be found only in a conference of the Big Four powers. The Soviet will have to be assured that its fears of an attack from the West are groundless, so as to make it easier for the Russian forces to be withdrawn from central and eastern Germany.

America Should Risk Something to Win More Says Stevenson, in Four-Power Meeting

By DAVID LAWRENCE

Washington, June 14—Is the Democratic party to be characterized as the party of appeasement, and does its leadership still favor the same spirit of surrender which led to the Yalta agreements in 1945?

This would readily be answered in the negative, because of the fine statements of American purpose recently made by Sens. Lyndon Johnson, of Texas, and Walter George, of Georgia, were it not for the startling speech just delivered by Adlai Stevenson, who is conceded by most observers as likely to lead the Democratic party in the 1956 presidential campaign.

Mr. Stevenson unashamedly comes out for "bargaining" and "trading" with the Red gangsters in Moscow and offers the curious disclaimer in advance that, "if things go wrong in the future" in the agreements made "at the summit" by the four-power statesmen, there should be no denunciation of the participants. He seems to sense already that the agreements might turn out to be bad.

"To want peace is to want compromise," says Mr. Stevenson. But is this truly the attitude of a nation that has been taught morality and idealism? Is there ever a justification for "compromise" with evil men and evil things? Mr. Stevenson seems to think that anything is "better than the alternative, which is a sharpening and prolonging of ugly, dangerous tensions."

This is really a peace-at-any-price doctrine, and it is astonishing to find the leader of the Democratic party openly advocating its equivalent.

"We shall have to be prepared to take some chances," argues the Presidential nominee of 1952, "to risk something to win more." He adds that America should be willing to "take some reasonable chances." Does this mean that Mr. Stevenson is ready to see all American troops withdrawn from Europe, a distance of 3,000 miles, while the Russians go back just a few hundred miles? Does he mean that America is to agree to some more "coalition" cabinets such as led to the fall of the governments of Poland and Czechoslovakia, and later undermined the Nationalist government in China? Would Mr. Stevenson be willing to accept the Communist idea of "free elections" in East Germany, with Soviet-controlled troops coercing the electorate? Possibly it means that Mr. Stevenson would favor giving up the American stockpile of atomic bombs and agreeing to some kind of disarmament plan in which America takes plenty of chances while the dishonest men in the Kremlin take no chances because they never would keep the agreements they signed anyway.

Mr. Stevenson, as the titular leader of the Democratic party today, will probably be asked to spell out just what he does mean. Maybe there are other Democratic party leaders who do not think he is reflecting the true spirit of America today and will tell him not to assume that he can speak for the Democratic party in such terms. But, if not, there are Republicans surely who will want Mr. Stevenson to define what he meant in that speech delivered this week at the commencment exrcises of Oberlin College.

What really requires explanation is Mr. Stevenson's clumsy attempt to apologize for what happened at Yalta as just an ordinary mistake in diplomacy, which he seems to think wasn't apparent at the time. Is the criticism of Yalta today really "hindsight?" The record in the newspapers and elsewhere shows that plenty of speakers and some writers, including this correspondent, called attention before and immediately after Yalta to the plan to sell Poland down the river. Mr. Stevenson puts it this way:

"We shall have to learn that diplomacy by hindsight is not good. We shall have to learn not to denounce our representatives as traitors or suspicious characters if anything goes wrong in the future."

Now, nobody has denounced the top participants at the Yalta conference as "traitors" or "suspicious characters," but there is plenty of evidence that Alger Hiss had a hand in planning what went on in American diplomacy before and after Yalta and that the late Harry Dexter White, who held a post high up in the Treasury Department, had a hand in delaying the delivery of American financial aid to the Nationalist government in China at a critical time—a circumstance that was helpful to the Communists in their conquest of the mainland of China. Does Mr. Stevenson wave Messrs. Hiss and White aside as merely "suspicious characters?"

Mr. Stevenson has challenged those who know the story of treason under the Democritic administrations to bring it out in the open once more and show the American people how public policy under the Roosevelt regime was influenced by men sympathetic to Communist imperialism. By asking the government of the United States to engage in "compromise" where basic principle and honor are concerned is to disregard morality just because the alternative may be a period of ugly tension. This is something new in the appeasement line.

The Republicans ought to be glad that Mr. Stevenson has thus early revealed the kind of campaign strategy he means to adopt for 1956. But the country will be saddened to see as fine a personality as Adali Stevenson falling for the appeasement buncombe that has motivated the opposition parties in Europe and which the Kremlin must inevitably welcome as a symptom of the breakdown of bipartisanship in America on the eve of the four-power conference.

AS PEGLER SEES IT

By WESTBROOK PEGLER

I have lately dealt with the immurement in lunatic asylums of a number of persons by the federal government. The cases are all bad and are symptoms of a growing campaign to disqualify and discredit political dissenters on the ground that they are "disturbed." However, the case of Mrs. Lucille Miller, of Bethel, Vt., is absolutely rotten. And Herbert Brownell, the attorney general, is going to find out that he made a bad mistake before he is done with this one.

Mrs. Miller was indicted on a charge of violating the draft law. She claims the law is unconstitutional and demands a trial. Brownell seems to lack confidence that he can vindicate the law even though his adversary is not a lawyer and refuses to permit any lawyer to defend her. Instead of granting her a "speedy" trial as guaranteed by the Constitution, Brownell's court in Vermont threw her into a booby-hatch for two weeks and then brought in two psychiatrists, whatever that may mean, to declare that she was not in shape, mentally, to do herself justice in a trial.

Library Director Plan Is Proposed

A committee of librarians from the five county area of Rockland, Orange, Sullivan, Ulster and Dutchess met at Newburgh Free Library June 9, to discuss the compiling of a library directory of all public, industry and association libraries in these counties.

This committee developed out of a workshop in practical library service held at Orange County Community College in the spring of 1955. The object of the workshop was the studying of ways to improve library services through cooperation. One of the suggestions for improvement was the compiling of a directory of library collections which would facilitate the finding of special material for research purposes or inter-library loan.

AT THE CLOSE of the workshop an editorial committee was chosen to work on the directory and a questionnaire which had been formulated by members of the workshop was turned over to this committee for use in obtaining information from libraries in the five counties.

At the first meeting of this committee the questionnaire was discussed and revised for mailing. Procedures were set up for the handling of the mailing and the collection of material resulting from the questionnaire. Committee members from each county were given the responsibility for their own geographic section of the work.

Committee members include Mrs. Dorothy Sanderson, Librarian, Ellenville Public Library; Robert Lang, Librarian, New Paltz State Teachers' College; Mrs. Amy Vernoy, Head of History Collection, Adriance Memorial Library, Poughkeepsie; Mrs. Charlotte Talman, Librarian, Spring Valley; Miss Helen Eldridge, Librarian, Newburgh Free Library; Mrs. Elena Horton, Librarian, Orange County Community College, and Mrs. Mary Gordon, Assistant Librarian, Newburgh Free Library and chairman of the committee.

Professor Wants New Motor Code

Albany, June 15 (AP)—A Columbia University law professor, calling state motor vehicle laws a "jungle of confusion," wants them revised along a uniform code.

Professor Jack Weinstein said yesterday that a motorist "must be a master of comparative traffic law if he is to make even a short trip from Washington, D. C. to New Haven, Conn.

Weinstein, speaking at a traffic court conference, appealed to law enforcement and court officials attending to work for revision of state vehicle laws to conform with the uniform code advocated by traffic experts for all states.

"Since the laws in each state he passes through are different," Weinstein added, the motorist "never knows from moment to moment what he is expected to do or what to expect other drivers to do."

Savings Banks Show Big Gain in Deposits

After a rather disappointing April due to combined Federal and State income tax payments, plus a real tax levied on most home owners, savings bank deposits bounded back in May to nearly the $70,640,000 gain recorded last year, it was announced by Judge George M. Penney, president of the Savings Banks Association of the State of New York and the Oswego City Savings Bank.

This monthly gain brings the total gain in deposits for the first five months of the year to $355,000,000. Deposits now stand at $15,830,000,000. The gain in new accounts of 25,333 is the largest for the month of May since 1952 and one of the largest in savings bank history. This gain is largely attributed to more aggressive merchandising tactics utilized by the savings banks.

The number of new accounts opened in May approximated 105,000, exceeding the total for the corresponding month in any of the past five years.

Total accounts of all kinds now exceed 10,260,000. Regular savings accounts total 8,236,000.

AMERICAN MENU

Cheese in Baked Potato Recipe Comes From Idaho

CHEESE BAKED POTATOES are just the touch for a barbecue with steak and corn.

By GAYNOR MADDOX
NEA Food and Markets Editor

What would you expect the wife of an Idaho potato man to suggest for an outdoor dinner? Potatoes, of course.

Well, that's just what Mrs. L. E. Stephens of Blackfoot, Idaho, does. She gives us her potato with cheese cooked in foil, and also a delectable fresh fruit compote recipe.

Cheese Baked Potatoes
(Yield: 6 servings)

Six large (3 pounds) baking potatoes, 6 to 8 ounces sharp Cheddar cheese, 6 pats butter or margarine, ¼-inch thick; 1 teaspoon salt, ⅛ teaspoon ground black pepper.

Pare potatoes. Cut 3 crosswise wedges ¼-inch thick in each potato, having the wedge cut almost to the bottom of potato. Place on squares of aluminum foil. Cut cheese into 18 ⅛-inch slices, as long as the potato is wide. Insert a slice in each wedge. Top with a pat of butter or margarine. Sprinkle with salt and black pepper. Wrap in the foil being sure to overlap at top of potato. Turn up ends and fold against potato. Bake until tender on barbecue grill turning 3 to 4 times to bake uniformly. (If desired bake in oven one hour.) Serve in foil, turned back and crimped around bottom of potato to make it look attractive.

Fresh Strawberry and Pineapple Compote
(Yield: 6 servings)

One-half cup sugar, 1 cup water, 2 tablespoons fresh lime juice, 1 tablespoon chopped fresh mint, 2 cups fresh pineapple wedges, 2 cups sliced fresh strawberries, sprigs fresh mint for garnish.

Bring first 4 ingredients to a full rolling boil. Boil 3 to 4 minutes. Strain. Pour over wedges or fresh pineapple. Chill. Just before serving add strawberries. Serve in tall sherbet glasses. Garnish with sprigs of fresh mint.

TOMORROW'S DINNER: Broiled steak with steak sauce, cheese baked potatoes, corn-on-cob, tossed tomato salad, hard rolls, butter or margarine, fresh fruit bowl, coffee, tea, milk.

Ceylon Elephant Population Faces Extinction Fate

Colombo, Ceylon, June 15 (AP)—This island's elephant population has dwindled to about 900 and faces possible extinction.

The head of the Ceylon government Wild Life Bureau, C. W. Nicholas, says there probably are not more than 25 "tuskers" in the jungles. These are mature elephants, with fine tusks, highly valued as sources of ivory.

THOUSANDS of elephants once trumpeted their way around Ceylon. "But now," Nicholas says, "the meager total may be near the biological minimum below which breeding ceases and extinction follows."

Ceylonese elephants are easier to domesticate than African elephants. This trait started them on the way out. They proved valuable for plowing, road construction jobs, transportation and jungle clearing. They also made ideal participants for pardaes and religious ceremonies.

THE DUTCH, who conquered Ceylon more than 200 years ago, started a valuable export trade in elephants, shipping the animals off for heavy work. Tuskers were killed for their ivory.

Today the spread of civilization is raising a new threat. Peasants have taken to shooting the animals in an effort to protect rice and other crops. Nicholas believes peasants should be taught how to frighten off the animals without a gun. Of 58 elephants found dead by game wardens last year, 7 died natural deaths while 51 had been shot.

Elks Will Institute Lodge At Ellenville on Sunday

Ellenville Lodge 1971 of the Benevolent and Protective Order of Elks will be instituted Sunday, June 19th. It will be the 99th lodge of the Order in New York state and the 1,728th in the entire Order, according to Joseph S. Disch, Kingston, District Deputy Grand Exalted Ruler of the East Central District.

Heading the Elks officials who will participate in the ceremonies will be James A. Gunn of Mamoroneck, member of the Elks Grand Lodge activities committee and a past president of the New York State Elks Association, who will serve as acting grand exalted ruler. Representatives of Middletown Lodge 1097, which sponsored the new lodge and 26 other neighboring lodges in New York and New Jersey, will attend the ceremonies which are scheduled for 2:30 p. m. in Ellenville's Joseph Slutsky Community Center. William F. Edelmuth of Kingston, former president of the New York State Elks Association, will be master of ceremonies.

Following the institution ceremonies, 150 charter members will be initiated. Frank McBride, past district deputy of Middletown will conduct the initiation ritual assisted by officers of Middletown Lodge.

The institution ceremonies will be concluded with installation of the officers of the new lodge. District Deputy Grand Exalted Ruler Disch will officiate as the installing officer assisted by the former district deputy grand exalted rulers of the East Central District including Charles Ryan and Robert M. Smith of Kingston Lodge 550.

Officers-elect of the new lodge who will be installed June 19 are: Exalted Ruler, Manuel Miller, Ellenville; esteemed leading knight, Edward Trumbull of Napanoch; esteemed loyal knight, Peter Kip of Wurtsboro; esteemed lecturing knight, the Rev. William Cassidy of Wurtsboro; tiler, Frank Swierski; secretary, Michael Denier, treasurer, Vespene Battaglia of Woodbourne; Charles Borsky, Ellsworth McDole, Francis Irwin, R. Earl Haley and Louis Rosenstock.

Efforts to organize an Ellenville Elks lodge started last December when officials of the order conferred with Ellenville residents. The proposal was received with enthusiasm. An organizing committee was set up the following March with the late Thomas J. Hanlon, superintendent of Napanoch Institution as chairman, Mr. Miller as secretary and Mr. Battaglia as treasurer. Within a few weeks sufficient applications for membership in the new lodge had been received and William J. Jernick of Nutley, N. J., grand exalted ruler of the order, issued a dispensation for the establishment of the lodge.

The Order of Elks was founded in New York city on February 16, 1868 by 15 actors and others associated with the theatrical profession. Today the order, exclusively an American organization, has a membership of 1,150,000 and lodges in every state and territory of the United States.

A charitable and patriotic fraternity from its inception, the Order of Elks last year spent more than $7,000,000 for the rehabilitation of physically handicapped children, youth-building programs, college scholarships for deserving youngsters, monthly entertainments and other year-round services on behalf of hospitalized veterans in 165 veteran's hospitals, the operation of 13 service centers for members of the armed forces in training and many other public service activities.

A major activity of the Elks of New York state is helping worthy youngsters go to college. Last year New York Elks awarded 46 college scholarships totalling $18,000.

The state association, headed by Franklin J. Fitzpatrick of Lynbrook, last month launched a program to help curb juvenile delinquency. Mr. Fitzpatrick has asked each Elks lodge to make the facilities of its lodge home available to the youth of the community as a center for juvenile activity.

Cheese in Baked Potato Recipe Comes From Idaho

CHEESE BAKED POTATOES are just the touch for a barbecue with steak and corn.

By GAYNOR MADDOX
NEA Food and Markets Editor

What would you expect the wife of an Idaho potato man to suggest for an outdoor dinner? Potatoes, of course.

Well, that's just what Mrs. L. E. Stephens of Blackfoot, Idaho, does. She gives us her potato with cheese cooked in foil, and also a delectable fresh fruit compote recipe.

Cheese Baked Potatoes
(Yield: 6 servings)

Six large (3 pounds) baking potatoes, 6 to 8 ounces sharp Cheddar cheese, 6 pats butter or margarine, ¼-inch thick; 1 teaspoon salt, ⅛ teaspoon ground black pepper.

Pare potatoes. Cut 3 crosswise wedges ¼-inch thick in each potato, having the wedge cut almost to the bottom of potato. Place on squares of aluminum foil. Cut cheese into 18 ⅛-inch slices, as long as the potato is wide. Insert a slice in each wedge. Top with a pat of butter or margarine. Sprinkle with salt and black pepper. Wrap in the foil being sure to overlap at top of potato. Turn up ends and fold against potato. Bake until tender on barbecue grill turning 3 to 4 times to bake uniformly. (If desired bake in oven one hour.) Serve in foil, turned back and crimped around bottom of potato to make it look attractive.

Fresh Strawberry and Pineapple Compote
(Yield: 6 servings)

One-half cup sugar, 1 cup water, 2 tablespoons fresh lime juice, 1 tablespoon chopped fresh mint, 2 cups fresh pineapple wedges, 2 cups sliced fresh strawberries, sprigs fresh mint for garnish.

Bring first 4 ingredients to a full rolling boil. Boil 3 to 4 minutes. Strain. Pour over wedges or fresh pineapple. Chill. Just before serving add strawberries. Serve in tall sherbet glasses. Garnish with sprigs of fresh mint.

TOMORROW'S DINNER: Broiled steak with steak sauce, cheese baked potatoes, corn-on-cob, tossed tomato salad, hard rolls, butter or margarine, fresh fruit bowl, coffee, tea, milk.

Ceylon Elephant Population Faces Extinction Fate

Colombo, Ceylon, June 15 (AP) —This island's elephant population has dwindled to about 900 and faces possible extinction.

The head of the Ceylon government Wild Life Bureau, C. W. Nicholas, says there probably are not more than 25 "tuskers" in the jungles. These are mature elephants, with fine tusks, highly valued as sources of ivory.

THOUSANDS of elephants once trumpeted their way around Ceylon. "But now," Nicholas says, "the meager total may be near the biological minimum below which breeding ceases and extinction follows."

Ceylonese elephants are easier to domesticate than African elephants. This trait started them on the way out. They proved valuable for plowing, road construction jobs, transportation and jungle clearing. They also made ideal participants for pardaes and religious ceremonies.

THE DUTCH, who conquered Ceylon more than 200 years ago, started a valuable export trade in elephants, shipping the animals off for heavy work. Tuskers were killed for their ivory.

Today the spread of civilization is raising a new threat. Peasants have taken to shooting the animals in an effort to protect rice and other crops. General Taylor Visits West German Capital

Bonn, Germany, June 15 (AP)—Gen. Maxwell D. Taylor stopped off in the West German capital today on his way to the United States to succeed Gen. Matthew B. Ridgway as U. S. Army Chief of Staff.

He arrived here by train from the Heidelberg headquarters of the U. S. Army in Europe.

Taylor is making what he calls a "look and learn" tour. He was briefed on West German rearmament plans by former Gen. Adolf Heusinger, Chief logistic planner of the West German defense ministry. He also had a session with Maj. Gen. Joseph S. Bradley, chief of the U. S. advance planning group which is preparing for delivery of American weapons and equipment to West German forces.

Taylor will fly to Paris tomorrow to confer with Gen. Alfred M. Gruenther, the supreme commander of allied forces in Europe.

At the turn of the century there were less than 150,000 miles of hard surfaced road in the United States compared to more than two million miles today.

File 'Disability Freeze' to Protect Benefit Rights

"If you are totally disabled and have worked in employment or self-employment covered by Social Security, you should file a 'disability freeze' application to protect your benefit rights", Joseph B. O'Connor, Regional Director of the Department of Health, Education and Welfare, said today.

"It is especially important", he added, "for disabled persons who are already receiving Social Security benefit, and whose disability began before age 65, to apply immediately for this 'disability freeze'." Under the risability provisions of the recent amendments to the Social Security Act, these individuals would have their benefits refigured to determine whether their benefit amounts could be increased.

MR. O'CONNOR further stated that totally disabled persons who will be 65 before July 1955, would be wise to file their "freeze" applications as soon as possible. "Actually," he said, "all disabled persons, no matter what their age, have no "disability freeze' protection until they file their applications—so the sooner they file the better."

Mr. O'Connor emphasized that the "disability freeze" provided no cash disability payments. He compared it to a waiver of premium offered to individuals who purchase ordinary life insurance. A waiver of premium is used to maintain the protection of the insurance policy during the policy holder's disability. Similarly the "disability freeze," he said, "protects an individual's social security benefits during his period of disability."

NOT ALL DISABLED individuals qualify for the "freeze", Mr. O'Connor explained. They must be totally disabled by an impairment which is expected to continue indefinitely, which is medically determinable, and which has lasted for at least six months. They must also have worked under Social Security for five years during the ten years before the disability began. One and one-half years of the five years must have been during the three years before the disability began.

"If you qualify for a "disability freeze," Mr. O'Connor said, "it is important to you and your family that you visit or phone your local district office without further delay."

Your Social Security Administration Office is located in the Central Post Office Building, Kingston, N. Y. Telephone Kingston 7307.

2,000 Blind People Demonstrate in Vienna

Vienna, June 15 (AP)—More than 2,000 blind men and women staged a silent demonstration in Vienna today asking a monthly pension of 200 Austrian schillings ($7.60) from the government.

Accompanied by relatives or nurses, the demonstrators marched on the city's famous Ringstrasse. They stopped traffic for more than 30 minutes.

The blind claim they need the money to keep a dog or pay for attendance. The Austrian government pays blind pensions only for persons who lost their eyesight as soldiers or who are unable to work.

Judith Anderson Is Hit in Paris Theatre

Paris, June 15 (AP)—Enthusiastic applause greeted American actress Judith Anderson last night in the first of five performances here on Robinson Jeffer's play "Medea," a New York success after World War 2.

The play was another presentation in the American "Salute to France" festival.

Miss Anderson's company is performing in English. A detailed summary in French is furnished those who don't speak the language.

Changes Birth Date

Sarzana, Italy, June 15 (AP)—Italian musical star Elena Quirici was given a three-month suspended sentence yesterday because she tried to pass for 27. A local court found her guilty of having changed her identity card to show 1928 as her year of birth. The original date? The court gallantly didn't say.

Honest Count

Charlotte, N. C. (AP)—Norman Kinzie, 19, closed out his account at the bank and recounting the money at home discovered he had an extra $100. He notified the bank but was told he must be mistaken. General Taylor Visits West German Capital

Bonn, Germany, June 15 (AP)—Gen. Maxwell D. Taylor stopped off in the West German capital today on his way to the United States to succeed Gen. Matthew B. Ridgway as U. S. Army Chief of Staff.

He arrived here by train from the Heidelberg headquarters of the U. S. Army in Europe.

Taylor is making what he calls a "look and learn" tour. He was briefed on West German rearmament plans by former Gen. Adolf Heusinger, Chief logistic planner of the West German defense ministry. He also had a session with Maj. Gen. Joseph S. Bradley, chief of the U. S. advance planning group which is preparing for delivery of American weapons and equipment to West German forces.

Taylor will fly to Paris tomorrow to confer with Gen. Alfred M. Gruenther, the supreme commander of allied forces in Europe.

Hard Surfaced Road

At the turn of the century there were less than 150,000 miles of hard surfaced road in the United States compared to more than two million miles today.

File 'Disability Freeze' to Protect Benefit Rights

"If you are totally disabled and have worked in employment or self-employment covered by Social Security, you should file a 'disability freeze' application to protect your benefit rights", Joseph B. O'Connor, Regional Director of the Department of Health, Education and Welfare, said today.

"It is especially important", he added, "for disabled persons who are already receiving Social Security benefit, and whose disability began before age 65, to apply immediately for this 'disability freeze'." Under the risability provisions of the recent amendments to the Social Security Act, these individuals would have their benefits refigured to determine whether their benefit amounts could be increased.

MR. O'CONNOR further stated that totally disabled persons who will be 65 before July 1955, would be wise to file their "freeze" applications as soon as possible. "Actually," he said, "all disabled persons, no matter what their age, have no "disability freeze' protection until they file their applications—so the sooner they file the better."

Mr. O'Connor emphasized that the "disability freeze" provided no cash disability payments. He compared it to a waiver of premium offered to individuals who purchase ordinary life insurance. A waiver of premium is used to maintain the protection of the insurance policy during the policy holder's disability. Similarly the "disability freeze," he said, "protects an individual's social security benefits during his period of disability."

NOT ALL DISABLED individuals qualify for the "freeze", Mr. O'Connor explained. They must be totally disabled by an impairment which is expected to continue indefinitely, which is medically determinable, and which has lasted for at least six months. They must also have worked under Social Security for five years during the ten years before the disability began. One and one-half years of the five years must have been during the three years before the disability began.

"If you qualify for a "disability freeze," Mr. O'Connor said, "it is important to you and your family that you visit or phone your local district office without further delay."

2,000 Blind People Demonstrate in Vienna

Vienna, June 15 (AP)—More than 2,000 blind men and women staged a silent demonstration in Vienna today asking a monthly pension of 200 Austrian schillings ($7.60) from the government.

Accompanied by relatives or nurses, the demonstrators marched on the city's famous Ringstrasse. They stopped traffic for more than 30 minutes.

The blind claim they need the money to keep a dog or pay for attendance. The Austrian government pays blind pensions only for persons who lost their eyesight as soldiers or who are unable to work.

Judith Anderson Is Hit in Paris Theatre

Paris, June 15 (AP)—Enthusiastic applause greeted American actress Judith Anderson last night in the first of five performances here on Robinson Jeffer's play "Medea," a New York success after World War 2.

The play was another presentation in the American "Salute to France" festival.

Miss Anderson's company is performing in English. A detailed summary in French is furnished those who don't speak the language.

Changes Birth Date

Sarzana, Italy, June 15 (AP)—Italian musical star Elena Quirici was given a three-month suspended sentence yesterday because she tried to pass for 27. A local court found her guilty of having changed her identity card to show 1928 as her year of birth. The original date? The court gallantly didn't say.

MRS. OVETA CULP HOBBY, Secretary of Welfare, reads from a Democratic sponsored bill, June 14, as she tells the Senate Labor and Public Welfare Committee the measure would cost an estimated 135 million dollars to provide Salk polio vaccine free for community-wide vaccination programs. At the same time she recommended 35 million dollars under an administration bill to assure that no child is denied the vaccine because of its cost. (AP Wirephoto).

Butler Tells Two Texas Factions to Settle Problem

Lubbock, Tex., June 15 (AP)—Democratic National Chairman Paul Butler held out an olive branch to rank-and file Texas Democrats who bolted their party in 1952 to vote for Republican Dwight Eisenhower.

"There is no obligation on the part of any party member to vote for every nominee on every occasion so long as a matter of conscience is involved," he told some 400 listeners at a $10-a-plate barbecue last night.

BUT, HE ADDED, "I do believe that when men and women have been honored by high office in the Democratic party they should not for some flimsy reason give support to the nominee of any other party."

Butler's speech opened his tour to promote harmony among feuding Texas Democrats. He was due to speak at Big Spring today and at a banquet in Dallas tonight. Six other cities are on his schedule.

The cleavage among Texas Democrats stems from 1952, when Gov. Allen Shivers and other high state officials led a bolt to Eisenhower. Those who stuck to the Democratic nominee, Adlai Stevenson, contend the bolters do not truly represent the party in their state.

Members of both factions attended Butler's speech, and were told that it was up to them to settle their own differences.

East Jewett Scout Selected for Trek

Due to the achievement in rural extension made by the Rip Van Winkle Council, Boy Scouts of America an Explorer of the Council has been granted a 30 day free "campership" at the National Scout Ranch Philmont in New Mexico to participate in a Pioneering Trek. The Explorer chosen by the Council Camping Committee is Life Scout William Hitchcock of Troop 55 sponsored by the East Jewett Methodist Church.

The purpose of the "Trek" is to enable young men interested in agriculture and ranch management to receive worthwhile experience involving actual operation of the ranch under the supervision of expert ranchmen. At the close of the "Trek" the participant Explorers will take part in the first "farm-city" conference ever to be held at Philmont. Some of the nation's outstanding men in agriculture will be at Philmont to participate and counsel with the Explorers during the Conference.

Although there will be three different "Treks" each composed of 30 Explorers, only 12 Explorers were given "campers-hips"—one from each of the 12 Regions in United States.

Woman, 116, Born In Slavery, Dies

Baltimore, June 15 — Mrs. Annie Camphor Ross, Negro woman born in slavery 116 years ago who remembered Lincoln's Gettysburg address, died yesterday at Johns Hopkins Hospital.

Mrs. Ross told an interviewer two years ago how she journeyed to Gettysburg with her husband, a Methodist preacher, to attend the battlefield ceremonies in 1863.

Mrs. Emma K. Jones, a great-niece with whom Mrs. Ross made her home, said the aged woman attributed her long life to a "little gin now and then."

Polio Plan Opposed

Washington, June 15 (AP)—The American Medical Assn. (AMA) today opposed as "completely unneecssary" a Democratic proposal to pay for the anti-polio inoculation of all American youngsters through age 19. At the same time, the AMA gave only tepid assent to an Eisenhower administration plan to finance the administration of Salk vaccine to children whose parents are unable to afford the shots.

Woodstock

28th Annual Library Fair Planned, July 28

Woodstock, June 15—Plans for this year's Woodstock Library Fair were formulated Monday evening at the opening meeting of the 1955 Library Fair committee. Heads of the score or more of different departments in the community-wide organization took part in the meeting at the library under the direction of Mrs. Henry Morton Robinson, Library Fair chairman.

The 28th annual Fair will be held as in the past on the last Thursday of July—July 28—on the grounds of the Woodstock Library, from 12 noon to 5 p. m. All proceeds will go to the upkeep and expansion of the library which already has a record as one of the outstanding village libraries in the state.

The plans for this year, sketched in at the first committee meeting, embrace all the features that have proved most popular in past fairs. In addition, according to Mrs. Robinson, some surprise features will be added. These will be announced.

Playhouse Featured In Saks Window

Woodstock, June 15 — The Woodstock Playhouse is featured this week in the window of Saks, 34th street, New York, in the display of posters of summer theatres.

Announcement has been made that Viola Harris will arrive in Woodstock later this summer to be the leading lady in "Time Out for Ginger," the play to be presented at the end of the season. Her husband, Robert Harris, who was Playhouse director several seasons ago, who has been reported in Hy Gardner's column in the New York Herald Tribune, will be Steve Allen's father in the motion picture versions of "The Benny Goodman Story." Mr. Harris plays the role of "Jake" in TV's "The Goldbergs." Miss Harris last appeared here two seasons ago in "Portrait in Black."

Howard Weirum will also return to the Playhouse this summer to appear in several shows. Last year he played the role of Frank Elgin in "The Country Girl," and during the winter season in New York was seen in "June and the Paycock."

Abba Bogan, pianist and musical director for "Finnian's Rainbow" last year, will return to handle the music direction for the first production of the season, "Kiss Me Kate." Another featured player in "Finnian's Rainbow," Charles Queenan, who won high praise for his performance as a dancer and the servant, will be featured in "Kiss Me Kate."

Michael Howard, Playhouse director, will definitely act as well in some of the plays this season.

William Darrid, one of last season's most popular actors, has a role in the current Paul Muni play, "Inherit the Wind" now in New York.

Mary James, who had the leading feminine role in "The Country Girl" last year returns to appear in "The Rainmaker."

A special matinee for "Kiss Me Kate" has been announced for Saturday, July 9, at 2:40 p. m.

Washington, June 15 (AP)—With President Eisenhower taking part, the United States today signed agreements with Great Britain, Canada and Belgium for cooperation in atomic research. The President issued a statement pledging "unrelenting cooperation of this nation to realize the benefits of atomic energy as a measure to promote lasting peace."

Local Area . . .

siren was scheduled to be sounded 10 minutes after the red alert.

Col. Hanstein said the all clear would be sounded automatically after 10 minutes, although actually, under the simulated "problem" it wasn't expected until about 5 or 6 p. m.

He said the Kingston-Ulster Civil Defense Council was "set and all persons connected with the organization in an official capacity were "cooperating."

THE COMMUNICATIONS set-up was ready, he said, with mobile radio units, "spotted" about the county.

Supplemental warning sirens were to be pressed into service in so-called "blind spots" in the city of Kingston by means of fire trucks and police cars.

Col. Hanstein said Maj. Edgar H. Timmerman, deputy director of Kingston-Ulster Council, and Sherwood Davis, alternate director, would be in charge of the local test.

HE TOLD The Freeman that several hundred auxiliary police throughout the county—about 40 in the city of Kingston—were ready at an instant's notice to go into action.

He explained that, under the blueprint of the simulated attack, a period of nine days was covered. This will be condensed into a period of 24 hours, however, for practical reasons. Skeleton manning of the four reception centers in the county—Kingston, New Paltz, Ellenville and Saugerties—was to be put into effect to enable local officials to "get the feel" of the test.

THE LOCAL Civil Defense office in City Hall was to be open all night.

Col. Hanstein said the local organization would receive messages throughout the 24-hour period from New York city asking for various types of equipment and assistance.

"We will do what they ask on a simulated basis," he explained. For instance, Kingston and Ulster county might be asked to take care of 50 to 100,000 people fleeing from the target city at the mouth of the Hudson.

"WE HAVE to think those things out and take action in their solution," he said.

Col. Hanstein said a small loading operation of critical, medical supplies would be held at the Federal Medical Supply Depot, Ellenville, using volunteer workers and volunteer trucks.

The Kingston-Ulster Civil Defense Council works through Orange county, headquarters for this sector, consisting of Rockland, Orange, Sullivan and Ulster counties. This sector, along with three counties on the other side of the river—Dutchess, Putnam and Westchester—is designated as a "support area" for New York city. Each target city, such as Binghamton, Niagara Falls, Buffalo, the capital district, Rochester, Syracuse, etc., have similar support areas.

Double Take

Toledo, Ohio (AP) — Patrolman Francis Smitley should get some kind of an award for efficiency. Following a motorist he said was traveling 56 in a 40-mile-per-hour zone, Smitley noticed another car gaining on him from behind. He arrested both drivers for speeding.

MRS. OVETA CULP HOBBY, Secretary of Welfare, reads from a Democratic sponsored bill, June 14, as she tells the Senate Labor and Public Welfare Committee the measure would cost an estimated 135 million dollars to provide Salk polio vaccine free for community-wide vaccination programs. At the same time she recommended 35 million dollars under an administration bill to assure that no child is denied the vaccine because of its cost. (AP Wirephoto).

Butler Tells Two Texas Factions to Settle Problem

Lubbock, Tex., June 15 (AP)—Democratic National Chairman Paul Butler held out an olive branch to rank-and file Texas Democrats who bolted their party in 1952 to vote for Republican Dwight Eisenhower.

"There is no obligation on the part of any party member to vote for every nominee on every occasion so long as a matter of conscience is involved," he told some 400 listeners at a $10-a-plate barbecue last night.

BUT, HE ADDED, "I do believe that when men and women have been honored by high office in the Democratic party they should not for some flimsy reason give support to the nominee of any other party."

Butler's speech opened his tour to promote harmony among feuding Texas Democrats. He was due to speak at Big Spring today and at a banquet in Dallas tonight. Six other cities are on his schedule.

The cleavage among Texas Democrats stems from 1952, when Gov. Allen Shivers and other high state officials led a bolt to Eisenhower. Those who stuck to the Democratic nominee, Adlai Stevenson, contend the bolters do not truly represent the party in their state.

Members of both factions attended Butler's speech, and were told that it was up to them to settle their own differences.

East Jewett Scout Selected for Trek

Due to the achievement in rural extension made by the Rip Van Winkle Council, Boy Scouts of America an Explorer of the Council has been granted a 30 day free "campership" at the National Scout Ranch Philmont in New Mexico to participate in a Pioneering Trek. The Explorer chosen by the Council Camping Committee is Life Scout William Hitchcock of Troop 55 sponsored by the East Jewett Methodist Church.

The purpose of the "Trek" is to enable young men interested in agriculture and ranch management to receive worthwhile experience involving actual operation of the ranch under the supervision of expert ranchmen. At the close of the "Trek" the participant Explorers will take part in the first "farm-city" conference ever to be held at Philmont. Some of the nation's outstanding men in agriculture will be at Philmont to participate and counsel with the Explorers during the Conference.

Although there will be three different "Treks" each composed of 30 Explorers, only 12 Explorers were given "campers hips"—one from each of the 12 Regions in United States.

At the same time, the AMA gave only tepid assent to an Eisenhower administration plan to finance the administration of Salk vaccine to children whose parents are unable to afford the shots.

Playhouse Featured In Saks Window

Woodstock, June 15 — The Woodstock Playhouse is featured this week in the window of Saks, 34th street, New York, in the display of posters of summer theatres.

Announcement has been made that Viola Harris will arrive in Woodstock later this summer to be the leading lady in "Time Out for Ginger," the play to be presented at the end of the season. Her husband, Robert Harris, who was Playhouse director several seasons ago, who has been reported in Hy Gardner's column in the New York Herald Tribune, will be Steve Allen's father in the motion picture versions of "The Benny Goodman Story." Mr. Harris plays the role of "Jake" in TV's "The Goldbergs." Miss Harris last appeared here two seasons ago in "Portrait in Black."

Howard Weirum will also return to the Playhouse this summer to appear in several shows. Last year he played the role of Frank Elgin in "The Country Girl," and during the winter season in New York was seen in "June and the Paycock."

Abba Bogan, pianist and musical director for "Finnian's Rainbow" last year, will return to handle the music direction for the first production of the season, "Kiss Me Kate." Another featured player in "Finnian's Rainbow," Charles Queenan, who won high praise for his performance as a dancer and the servant, will be featured in "Kiss Me Kate."

Michael Howard, Playhouse director, will definitely act as well in some of the plays this season.

William Darrid, one of last season's most popular actors, has a role in the current Paul Muni play, "Inherit the Wind" now in New York.

Mary James, who had the leading feminine role in "The Country Girl" last year returns to appear in "The Rainmaker."

Local Area . . .

siren was scheduled to be sounded 10 minutes after the red alert.

Col. Hanstein said the all clear would be sounded automatically after 10 minutes, although actually, under the simulated "problem" it wasn't expected until about 5 or 6 p. m.

He said the Kingston-Ulster Civil Defense Council was "set and all persons connected with the organization in an official capacity were "cooperating."

THE COMMUNICATIONS setup was ready, he said, with mobile radio units, "spotted" about the county.

Supplemental warning sirens were to be pressed into service in so-called "blind spots" in the city of Kingston by means of fire trucks and police cars.

Col. Hanstein said Maj. Edgar H. Timmerman, deputy director of Kingston-Ulster Council, and Sherwood Davis, alternate director, would be in charge of the local test.

HE TOLD The Freeman that several hundred auxiliary police throughout the county—about 40 in the city of Kingston—were ready at an instant's notice to go into action.

He explained that, under the blueprint of the simulated attack, a period of nine days was covered. This will be condensed into a period of 24 hours, however, for practical reasons. Skeleton manning of the four reception centers in the county—Kingston, New Paltz, Ellenville and Saugerties—was to be put into effect to enable local officials to "get the feel" of the test.

THE LOCAL Civil Defense office in City Hall was to be open all night.

Col. Hanstein said the local organization would receive messages throughout the 24-hour period from New York city asking for various types of equipment and assistance.

"We will do what they ask on a simulated basis," he explained. For instance, Kingston and Ulster county might be asked to take care of 50 to 100,000 people fleeing from the target city at the mouth of the Hudson.

"WE HAVE to think those things out and take action in their solution," he said.

Col. Hanstein said a small loading operation of critical, medical supplies would be held at the Federal Medical Supply Depot, Ellenville, using volunteer workers and volunteer trucks.

The Kingston-Ulster Civil Defense Council works through Orange county, headquarters for this sector, consisting of Rockland, Orange, Sullivan and Ulster counties. This sector, along with three counties on the other side of the river—Dutchess, Putnam and Westchester—is designated as a "support area" for New York city. Each target city, such as Binghamton, Niagara Falls, Buffalo, the capital district, Rochester, Syracuse, etc., have similar support areas.

Hottest-Selling Buick in History

No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—capping the popularity that has already moved Buick into the top circle of America's best sellers.

$2536.88* Delivered locally!

*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—$81.70; Radio & Antenna—$92.50.

THIS is a Buick—a 2-door, 6-passenger SPECIAL Sedan.

It packs a walloping 188-hp V8 engine under the hood—is carried on a strapping 122-inch wheelbase—rides with the luxury cushioning of all-coil springing, the solid steadiness of a full-length torque-tube drive, the extra safety and silence of tubeless tires.

It's big and brawny and road-steady and roomy—each seat cushion measures over five feet in width.

Yet this broad beauty—as the price we show here proves—delivers locally for just about the price of the well-known smaller cars—even *below* some models of those very same cars.

Buick Sales Are Soaring To New Best-Seller Highs

That, for sure, is one reason why Buick sales go higher and higher and higher. More and more people are finding that you can buy a Buick for the price of a smaller car, so more and more people are getting this bigger buy for their money.

They want the bigger package of sheer automobile for the money that they get in Buick—bigger in power thrill, in roomy comfort, in riding steadiness, in structural solidity.

They want the added prestige and pleasure of owning Buick styling and size—and the added safety and sureness of Buick roadability and handling ease.

They want, too, the spectacular performance and better gas mileage of Variable Pitch Dynaflow†—easily yours at modest extra cost.

And they certainly want the choice Buick offers of a car in *every* price range, with each one the buy in its field—the low-price SPECIAL, the supremely-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

Why don't you come in for a visit and see how much real automobile your money can buy here?

Wrong Technique

Cleveland (AP) — When J. C. Bryant, bought a house he hired a former house wrecker to fix the roof. The next time Bryant drove out to see his new house, he found it torn almost to the ground. The worker had forgotten he wasn't still working at house wrecking.

Why We Say--

When we use this expression, we don't usually think that we are being Roman, but actually the tog referred to here is the long Roman toga, which was an outer garment covering all of the clothes. When a Roman wished to impress someone by being "dressed up", he would put on his best toga (or, as we say it, togs).

Sawkill

Sawkill, June 14—The regular monthly dance was held at the firehouse on May 28 under sponsorship of the Sawkill Fire Company. There will not be a dance in June but there will be dancing in the evening on July 3. The annual fireman's picnic and bazaar will be held on that date opening at 1 p. m. with the famous homemade foods of the Sawkillites served throughout the afternoon and early evening. The dance music will be supplied as usual by the Hilltoppers and there will be both round and square dancing from 9 p. m. to 1 a. m. The public is cordially invited to attend.

Mr. and Mrs. George Scheffer and son George, Jr., Brooklyn, spent a recent weekend with Miss Marie Siemsen and Harry Siemsen, Thendara Farm. During the weekend they also visited his sister Mrs. Francis Joy and family.

Mr. and Mrs. Frank Joy Hallahan's Hill, visited their daughter and son-in-law Mr. and Mrs. W. A. Kurtzweg and family, Mt. Marion, last week.

The Sawkill Mothers' Club held its regular monthly meeting at the schoolhouse last Monday evening. Plans were discussed for the annual end-of-school picnic. School will close June 21 and on that date the annual picnic will be held on the school grounds. The pupils and guests are requested to bring their lunch. Beverage and dessert will be served by the Mothers' Club. All preschoolers and visiting children in the community are cordially invited to attend. The picnic will begin at 10 a. m.

Mr. and Mrs. Fidel Hugger and daughter Irene recently sailed for Germany where they will visit relatives and friends for the summer.

Misses Leta and Lois Blackwell were recently guests at the 10th birthday celebration in honor of Miss Pamela Crispell, Kingston.

Mr. and Mrs. Paul Vanak and Mr. and Mrs. Albert Bouer, Yonkers, spent the weekend with Mr. and Mrs. Sylvester Myers. Sunday Mr. and Mrs. Russell Bouer and son Russell, Jr., Yonkers, Mr. and Mrs. Ralph Bouer and daughters Barbara and Sandra, and Mr. and Mrs. Joseph Myers and sons Gregory and Gary, Kingston, were guests.

Mr. and Mrs. William Hulsair, Jr., and family, Mr. and Mrs. Donald Hulsair and family and Mr. and Mrs. Charles Osberg, Kingston, visited Mr. and Mrs. W. Hulsair, Sr., Sunday.

The upper Sawkill School pupils recently participated in the annual field day for the 1st Supervisory District schools, held at Dietz Stadium, and were awarded the trophy for the highest number of points among the one-room schools. In the 50-yard dashes, first ribbons were won by Madeline Duffy, Marguerite Joy, and Margaret Winne, and Richard Sleight and William Ferguson. In relay races the team of John Duffy, Richard Malone, Richard Sleight and Michael Walker took first place as did the team of Laura Joy, Marguerite Joy, Lois Blackwell and Leta Blackwell. The relay team of Erin Cochrane, William Ferguson, William Anderson and Charles Winne received a third-prize ribbon. In the broad jump, Richard Sleight was a second place winner, Erin Cochrane, 3rd, William Anderson, 3rd, and Madeline Duffy, 2nd.

The three-legged race resulted in first place ribbon for the team of Marguerite and Laura Joy, 2nd place ribbon for team of Madeline Duffy and Jeanne Walker and second place for Richard Malone and Michael Walker. In the softball throw class Margaret Winne was awarded a first place ribbon and William Ferguson a third place ribbon.

The Sawkill Fire Company Auxiliary will hold a special meeting Wednesday evening at the firehouse. Plans will be discussed for the annual picnic July 3. The foods committee, under the chairmanship of Mrs. Francis Joy, will soon be once again calling on the local residents for donations of homemade foods. The sale of the homemade foods has always been a major part of the success of the annual picnics held each year on Independence Day weekend and the Labor Day weekend and the auxiliary anticipates another very successful picnic with the assistance of the community.

Wrong Technique

Cleveland (AP) — When J. C. Bryant, bought a house he hired a former house wrecker to fix the roof. The next time Bryant drove out to see his new house, he found it torn almost to the ground. The worker had forgotten he wasn't still working at house wrecking.

Why We Say--

When we use this expression, we don't usually think that we are being Roman, but actually the tog referred to here is the long Roman toga, which was an outer garment covering all of the clothes. When a Roman wished to impress someone by being "dressed up", he would put on his best toga (or, as we say it, togs).

Denial Made of Torture

Jakarta, Indonesia, June 15 (AP)—The Indonesian government today angrily refuted Dutch charges it has tortured 23 Dutchmen arrested 18 months ago. A Foreign Ministry statement countered that the Jakarta government would issue its own "white paper" on alleged Dutch subversive activities in Indonesia, until the end of 1949 the Netherlands' biggest and richest possession. The Indonesian statement said the Dutch charges made in The Hague Monday "will have no other effect but to increase the bitterness of the Indonesian people and deepen the present ravine between the Netherlands and Indonesia."

Exchange Act Extended

Oslo, Norway, June 15 (AP)—The United States and Norway announced today they have extended their Fulbright Exchange Act arrangement for another five years. Since the program started in 1949, 631 Norwegian scholars have gone to the United States to study and 233 American guest professors, research scholars, teachers and students have spent a year at universities and institutions in Norway. The new agreement signed by U. S. Ambassador L. Corrin Strong and Foreign Minister Halvard M. Lange provides for expenditures of $250,000 a year, with about 100 Norwegians and 40 Americans to participate in the program annually.

Pipeline Authorized

Washington, June 15 (AP)—The Power Commission yesterday authorized the New York State Natural Gas Corp. of Pittsburgh to build about 21 miles of natural gas pipeline in Wyoming and Livingston counties, N. Y. The new line, paralleling an existing line, will cost an estimated $1,225,000. It is designed to meet increasing requirements of present customers.

Industrial Leader Fears Guaranteed Wages May Affect Jobs

Manufacturers Discuss Demands Made by Labor

Chicago, June 15 (AP)—An industrial leader today said "a real guarantee of annual wages" would boost prices and "weaken industry's ability to provide more and better jobs."

That opinion was expressed by Dr. Robert E. Wilson, chairman of Standard Oil Co. (Indiana).

He was the first speaker at a day-long conference "On America's Economic Crisis — the Guaranteed Annual Wage." The meeting was so labeled by the sponsors, the National Assn. of Manufacturers and the Illinois Manufacturers Assn.

THE ONE-DAY session brought together businessmen and industrialists to consider what they should do about labor's growing demand for guaranteed wage plans. Wilson, in his prepared leadoff speech, asserted:

"Anything approaching a real guarantee of annual wages, bringing with it rigid, fixed costs, heavy and uncertain future liabilities, increased labor costs and hence higher prices, would effectively weaken industry's ability to provide more and better jobs.

"A company saddled with such a guarantee would be discouraged from expanding or introducing new products, and jobs that might have been created thereby would never come into being."

WILSON SAID the agreements of the Ford Motor Co. and General Motors Corp. to add to state unemployment payments to their employes were "too recent for any final appraisal."

But he noted that they did not meet the full original guaranteed annual wage demands of labor leaders.

He said the best assurance for worker security lies in the nation's increased economic growth and productivity. He added:

"We must not jeopardize our successful system by loading it with burdens which might crush it—but neither should we assume that any new burden would be intolerable."

WILSON ALSO set forth:

"While some reasonable unemployment compensation is justified, it is unthinkable that a man should be paid as much, or nearly as much, for not working as he is for working."

The call for today's meeting went out June 3. Since then, the CIO United Auto Workers have reached agreement for a modified wage guarantee—unemployment pay to employers to supplement state payments—with the Ford Motor Co. and General Motors Corp.

CIO unions also have fixed sights on the same target in the electric manufacturing, farm equipment and rubber industries.

Gen. Charles C. Haffner, Jr., board chairman of R. R. Donnelley and Sons, huge Chicago printing concern, served as the general chairman of the management parley.

HE ADVISED the conferees, in calling them together, that they should "appraise the facts and seek a solution."

"We, as executives, must squarely face this issue," he set forth in a pre-conference statement. "What is going on in Detroit is not just a problem for Ford and General Motors. It is a problem for all management.

"Businessmen and manufacturers must realize that now is the time to stand up and be counted on the side of bedrock American economic principles."

Among the other men given speaking roles on the program were Frank Rising, general manager of Automotive and Aviation Parts Manufacturers, Detroit; Charles R. Sligh, Jr., president of Sligh Furniture Companies, Inc., Grand Rapids, Mich.; Rep. Barden (D.-N. C.), chairman of the House Labor Committee; Henry G. Riter III, West Orange, N. J., president of Thomas A. Edison, Inc., and president of the National Assn. of Manufacturers; William J. Grede, president of Grede Foundries, Inc., Milwaukee.

Think It Through

By EDWARD F. HUTTON

The way President Roosevelt was hypnotized by Stalin will remain one of the great mysteries of history. Its result is the tragedy of our times.

Mr. Hutton

It was no passing infatuation. It lasted from his recognition of the Bolsheviks in 1933 down to Yalta in 1945—twelve years. The recognition of Bolshvism was a green light to all the fuzzy "intellectuals" and home-grown Russia-firsters to penetrate hundreds of offices in Washington and throughout the Federal Government.

Even before his first inauguration, the A. F. of L. leaders knew recognition was in the wind. They tried to head it off by asking former Secretary of State under Wilson, Bainbridge Colby, to republish his famous note of 1920, which had been followed by three Republican Presidents.

Colby did so on March 1, 1933, three days before Roosevelt's inauguration. The correspondence between Colby and Mattthew Woll, vice-president of the A. F. of L., should be published now.

One of the things Colby said in 1920 was that the United States would not recognize a regime of terror which had boasted that they "sign agreements without the slightest intention to observe them."

Bear in mind that on Jan. 10, 1933, Dictator Stalin told the Associated Press in Moscow that "proletarian revolutions are mobilizing revolutionary forces of all countries against capitalism." Yet with this recent statement as a red flag of warning, Roosevelt proceeded in his cocksure, know-it-all way to give the recognition which had been denied the Bolsheviks by four Presidents during sixteen years.

Other statesmen than her own made Russia a world power!

Please send to your Congressmen, neighbor.

The camp, which will continue through June 23, has drawn about 200 of the nation's top ranking club members, 100 club leaders and about 300 former members who attended similar camps here in the past.

The camp will be under the supervision of the Agriculture Department's Extension Service and the State Land Grant Colleges.

Bradley Confident Of Victory in ILA

New York, June 15 (AP)—William V. Bradley says he is confident he will be reelected president of the International Longshoremen's Assn. (ILA) at its convention opening here July 11.

Anthony (Tough Tony) Anastasia, union boss of the Brooklyn docks, is backing Joseph G. Moriarty as a candidate against Bradley.

Bradley predicted in a statement yesterday that the election results will cause Anastasia and Moriarty "to be discredited and to lose face in union circles."

Saying that Anastasia is trying "to show his local is bigger than the international," Bradley added that Anastasia has tried to do it before but "hasn't succeeded yet and never will."

Garage Pays Off

Chicago (AP)—Parking in Chicago's underground garage in Grant Park exceeded expectations for the first six months by 20 per cent. James H. Gately, president of the Park Board, said $497,307 was collected. Of this, $284,376 was profit. An average of 25,000 automobiles a week parked in the garage. Retirement of bonds issued to finance the project will begin next year, he said.

Amateur Beekeeper Is Stung to Death

Louisville, Ky., June 15 (AP)—Walter C. Crenshaw, an amateur beekeeper most of his life, was stung to death yesterday.

The 47-year-old service station operator was stung three or four dozen times and died in less than 10 minutes.

Crenshaw and his brother-in-law, Max Crenshaw, 26, were transferring a swarm from one hive to another when the insects attacked.

Max finally gave up and ran for the house. Walter followed, walking in with bees clinging to him.

Then, with the help of Walter's wife, the men began killing the bees by smacking them between their hands.

The elder Crenshaw, after telling his wife he couldn't feel the stings, sat down on a bed and collapsed.

Industrial Leader Fears Guaranteed Wages May Affect Jobs

Manufacturers Discuss Demands Made by Labor

Chicago, June 15 (AP)—An industrial leader today said "a real guarantee of annual wages" would boost prices and "weaken industry's ability to provide more and better jobs."

That opinion was expressed by Dr. Robert E. Wilson, chairman of Standard Oil Co. (Indiana).

He was the first speaker at a day-long conference "On America's Economic Crisis — the Guaranteed Annual Wage." The meeting was so labeled by the sponsors, the National Assn. of Manufacturers and the Illinois Manufacturers Assn.

THE ONE-DAY session brought together businessmen and industrialists to consider what they should do about labor's growing demand for guaranteed wage plans. Wilson, in his prepared leadoff speech, asserted:

"Anything approaching a real guarantee of annual wages, bringing with it rigid, fixed costs, heavy and uncertain future liabilities, increased labor costs and hence higher prices, would effectively weaken industry's ability to provide more and better jobs.

"A company saddled with such a guarantee would be discouraged from expanding or introducing new products, and jobs that might have been created thereby would never come into being."

WILSON SAID the agreements of the Ford Motor Co. and General Motors Corp. to add to state unemployment payments to their employes were "too recent for any final appraisal."

But he noted that they did not meet the full original guaranteed annual wage demands of labor leaders.

He said the best assurance for worker security lies in the nation's increased economic growth and productivity. He added:

"We must not jeopardize our successful system by loading it with burdens which might crush it—but neither should we assume that any new burden would be intolerable."

WILSON ALSO set forth:

"While some reasonable unemployment compensation is justified, it is unthinkable that a man should be paid as much, or nearly as much, for not working as he is for working."

The call for today's meeting went out June 3. Since then, the CIO United Auto Workers have reached agreement for a modified wage guarantee—unemployment pay to employers to supplement state payments—with the Ford Motor Co. and General Motors Corp.

CIO unions also have fixed sights on the same target in the electric manufacturing, farm equipment and rubber industries.

Gen. Charles C. Haffner, Jr., board chairman of R. R. Donnelley and Sons, huge Chicago printing concern, served as the general chairman of the management parley.

HE ADVISED the conferees, in calling them together, that they should "appraise the facts and seek a solution."

"We, as executives, must squarely face this issue," he set forth in a pre-conference statement. "What is going on in Detroit is not just a problem for Ford and General Motors. It is a problem for all management.

"Businessmen and manufacturers must realize that now is the time to stand up and be counted on the side of bedrock American economic principles."

Among the other men given speaking roles on the program were Frank Rising, general manager of Automotive and Aviation Parts Manufacturers, Detroit; Charles R. Sligh, Jr., president of Sligh Furniture Companies, Inc., Grand Rapids, Mich.; Rep. Barden (D.-N. C.), chairman of the House Labor Committee; Henry G. Riter III, West Orange, N. J., president of Thomas A. Edison, Inc., and president of the National Assn. of Manufacturers; William J. Grede, president of Grede Foundries, Inc., Milwaukee.

Think It Through

By EDWARD F. HUTTON

The way President Roosevelt was hypnotized by Stalin will remain one of the great mysteries of history. Its result is the tragedy of our times.

It was no passing infatuation. It lasted from his recognition of the Bolsheviks in 1933 down to Yalta in 1945—twelve years. The recognition of Bolshvism was a green light to all the fuzzy "intellectuals" and home-grown Russia-firsters to penetrate hundreds of offices in Washington and throughout the Federal Government.

Mr. Hutton

Even before his first inauguration, the A. F. of L. leaders knew recognition was in the wind. They tried to head it off by asking former Secretary of State under Wilson, Bainbridge Colby, to republish his famous note of 1920, which had been followed by three Republican Presidents.

Colby did so on March 1, 1933, three days before Roosevelt's inauguration. The correspondence between Colby and Mattthew Woll, vice-president of the A. F. of L., should be published now.

One of the things Colby said in 1920 was that the United States would not recognize a regime of terror which had boasted that they "sign agreements without the slightest intention to observe them."

Bear in mind that on Jan. 10, 1933, Dictator Stalin told the Associated Press in Moscow that "proletarian revolutions are mobilizing revolutionary forces of all countries against capitalism." Yet with this recent statement as a red flag of warning, Roosevelt proceeded in his cocksure, know-it-all way to give the recognition which had been denied the Bolsheviks by four Presidents during sixteen years.

South was reasonably satisfied with the contract of three spades when he saw the dummy in today's hand. He was sorry he hadn't passed two hearts, but he couldn't be sure at the time that his partner had a strong six-card suit.

West didn't enjoy opening the king of clubs, but he saw no sensible alternative. He knew that dummy would furnish good hearts on which South would discard losing clubs if South were given time. The only hope was to grab club tricks on the run.

As it happened, South had the ace of clubs and won the first trick with it. He then led a heart to dummy and led the ace of hearts to get rid of his remaining low club before going about his other business. When East ruffed with the eight of spades, South still saw no reason to change his plan; and he still discarded the low club.

East now led a club, and South ruffed. Declarer continued with a low diamond, and West took the ace. After deep thought, West made the key play of returning a low heart!

East saw what was expected of him and obeyed orders by ruffing with the queen of spades. This play put South in trouble. He couldn't afford to discard, but he also couldn't afford his actual play—an overruff with the ace of spades.

The situation was now hopeless. South cross-ruffed for a few tricks, ruffing diamonds in dummy and hearts in his own hand, but West eventually got three trump tricks to defeat the contract.

When East ruffed with the eight of spades, South still saw no reason to change his plan; and he still discarded the low club.

East now led a club, and South ruffed. Declarer continued with a low diamond, and West took the ace. After deep thought, West made the key play of returning a low heart!

East saw what was expected of him and obeyed orders by ruffing with the queen of spades. This play put South in trouble. He couldn't afford to discard, but he also couldn't afford his actual play—an overruff with the ace of spades.

The situation was now hopeless. South cross-ruffed for a few tricks, ruffing diamonds in dummy and hearts in his own hand, but West eventually got three trump tricks to defeat the contract.

As a TV viewer who would rather watch the test pattern than boxing, I've finally found a boxing show I should like. It comes on AFTER the bouts over ABC-TV, and features **Henny Youngman** and **Rocky Graziano.** They don't fight, they talk.

Rocky: Hey, look at this ring, Henny. What do you think of it?

Henny: That's a nice ring. Where do you keep the batteries?

Rocky: We'll do things like that. Just talk. I'll say, 'I can use big words. Don't be absoid.' Hey, that an idea, Henny—you feed me some big words.

Henny: I don't know any.

Rocky: I went down to the old neighborhood. The same guys was there as was there when I lived there. Same guys standing on the corner, hollering up to some guy upstairs, 'Hey, Joe, come on down.'

Henny: Same in my old section. Bay Ridge in Brooklyn. I went back there. Same guys that were there years ago. Funny.

Rocky: See, that's what we'll do. Just talk.

Henny: It's called 'Henny and Rocky.' I wanted to call it 'A rock and a Yock' but nobody would buy that.

It's better than the fights.

Henny: I don't know any.

Rocky: I went down to the old neighborhood. The same guys was there as was there when I lived there. Same guys standing on the corner, hollering up to some guy upstairs, 'Hey, Joe, come on down.'

Henny: Same in my old section. Bay Ridge in Brooklyn. I went back there. Same guys that were there years ago. Funny.

Rocky: See, that's what we'll do. Just talk.

Henny: It's called 'Henny and Rocky.' I wanted to call it 'A rock and a Yock' but nobody would buy that.

It's better than the fights.

THE PROGRAM of their course included: A lecture on public health by Dr. Dudley Hargrave, head of the Public Health Department; a lecture and tour of the Tumor Clinic by its director, Dr. Milton Grover; a tour of the Senate House Museum by Mrs. Terwilliger and a talk on the old stone houses in this area by Mrs. Sam Bernstein; a lecture on Probation by Edmund Burhans, head of County Probation; discussion of recreation facilities by Andrew Murphy, director of Recreation Department; lecture on welfare by Miss Elma Kullmann, head of the Welfare Department; discussion of Kingston Area Chamber of Commerce by its secretary, Albert Kurdt; talk on education by Mrs. Marion Gregory, director of elementary education in Kingston; and a tour of the George Washington School conducted by Ambrose Boyd, principal.

By EMILY POST

(Author of Etiquette, Children Are People, etc.).

A DIFFICULT PROBLEM

A reader explains: "I have three children and every year on their birthday my sister-in-law sends each of them a birthday present. Don't misunderstand me, Mrs. Post, I think it is very nice of her to do this, but the things she chooses are useless to the children. You see, we live in the country and wear very simple things. Her way of living is entirely different from ours and the presents she sends are much too fancy and elaborate, and as a result they are packed away and never used. Would it be permissible to write and tell her this and ask that she send more practical things? I would very much appreciate hearing from you on this matter."

When you write to thank her for the present, you might say, "The dress you sent Mary is too beautiful for words but it is really much too extravagant for out here where everyone wears only the plainest utility clothes."

Who Pays the Hotel Bill?

Dear Mrs. Post: My nephew is going to be married in a city some five hundred miles from here. We are invited to the wedding and because of the distance we will have to arrive the day before the ceremony and possibly not leave until the day after. The bride's parents have offered to make reservations for us at the hotel. I would like to know if we are supposed to pay our own hotel bill or does the bride's family assume this expense?

Answer: It is not the bride's family's obligation to pay your hotel bill and you should be prepared to pay your own.

The Bride's Slippers

Dear Mrs. Post: Will you please tell me the proper shoes for a bride-to-be to wear? I mean by this, are white kid shoes correct, or must they be of fabric—such as satin or moire?

Answer: A satin or moire slipper is most usual and correct, but a kidskin slipper would be quite permissible if your dress is simple.

* * *

Mrs. Post is sorry she cannot answer personal mail. One of her leaflets, E-35, "The Well-Dressed Woman," describes clothes for "semiformal" parties and other occasions. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Kingtson Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Good Taste Today

By EMILY POST

(Author of Etiquette, Children Are People, etc.).

A DIFFICULT PROBLEM

A reader explains: "I have three children and every year on their birthday my sister-in-law sends each of them a birthday present. Don't misunderstand me, Mrs. Post, I think it is very nice of her to do this, but the things she chooses are useless to the children. You see, we live in the country and wear very simple things. Her way of living is entirely different from ours and the presents she sends are much too fancy and elaborate, and as a result they are packed away and never used. Would it be permissible to write and tell her this and ask that she send more practical things? I would very much appreciate hearing from you on this matter."

When you write to thank her for the present, you might say, "The dress you sent Mary is too beautiful for words but it is really much too extravagant for out here where everyone wears only the plainest utility clothes."

Who Pays the Hotel Bill?

Dear Mrs. Post: My nephew is going to be married in a city some five hundred miles from here. We are invited to the wedding and because of the distance we will have to arrive the day before the ceremony and possibly not leave until the day after. The bride's parents have offered to make reservations for us at the hotel. I would like to know if we are supposed to pay our own hotel bill or does the bride's family assume this expense?

Answer: It is not the bride's family's obligation to pay your hotel bill and you should be prepared to pay your own.

The Bride's Slippers

Dear Mrs. Post: Will you please tell me the proper shoes for a bride-to-be to wear? I mean by this, are white kid shoes correct, or must they be of fabric—such as satin or moire?

Answer: A satin or moire slipper is most usual and correct, but a kidskin slipper would be quite permissible if your dress is simple.

Explosion Prevented

Paysandu, Uruguay, June 15 (AP)—Prompt action by the manager of the Shell Mex Oil Co., plant here yesterday prevented a disastrous explosion when an employe committed suicide by fire atop a gasoline storage tank. Alfred Labori, 57, a worker in the plant, climbed the 250,000-gallon tank, drenched his clothes with gasoline and set them afire. The manager, R. A. Laire, grabbed an extinguisher and rushed up the tank ladder. He was too late to save Labori, but put out the flames already spreading over the tank roof.

Machinists Strike At Watertown Plant

Watertown, N. Y., June 15 (AP)—AFL Machinists today struck the Watertown plant of the New York Air Brake Co. in a contract dispute over wages and other benefits. About 1,100 employes were affected.

Pickets appeared at midnight as the old contract between the company and IAM Local 761 expired.

Neither company officials nor union sources could be reached for comment.

Earlier, James A. Annable of New York city, the union's Grand Lodge representative, had said the union sought a 15-cent hourly wage increase that would bring rates to a range of $1.39 to $2.29.

England's Odd Egg

Chicago, June 15 (AP)—Edward R. England, an egg candler at a poultry products store, stared in amazement at the outlines of an egg he held over the light yesterday. He called the owners of the store. "I just can't believe it," England said. "I have been dreaming about this all my life." The owners looked at the egg and saw the shadows of four yolks, the first four-yolk egg England had discovered in candling an estimated 28 million eggs in 26 years. The four yolks were put in the freezer to be used as an exhibit. The egg was unusually heavy but only slightly larger than normal.

Why does SWIV SHAMPOO *differ from other shampoos?*

Because it contains Lustrezol — the WONDERFUL new conditioner which is FAR superior to lanolin.

And how is Lustrezol superior to lanolin?

Because.....*It's pure and can be used in larger quantities.

*It leaves hair softer, more manageable, and with a much higher lustre.

*It doesn't leave any sticky deposit in the hair because Lustrezol is soluble in water.

SWIV SHAMPOO is a product of 5½ years development by local research chemists—it is available at drug stores and beauty shops at the introductory price of 30c for a 2-oz. bottle, (other leading brands selling for this price offer only 1½ ounces).

His physician said young Paradies had suffered bruises and lacerations of the right hand, left thigh and left ankle and shock and would probably be in the hospital for a "couple of days."

PARADIES WAS operating his motorbike along Sunset Drive toward Broadway when it apparently went out of control and was in collision with the left side of the passenger car operated by John P. Maguire, 73, of 264 Belmont street, Watertown, Mass., according to the Ulster county sheriff's office. Maguire was traveling north on Route 9W (Broadway).

In attempting to avoid the bicycle, the sheriff's office reported, Maguire's car skidded and hit a sign on the side of the road, damaging the sign and the right fender of the vehicle. They said the left fender and windshield and the right fender and rear of the vehicle had been damaged. Paradies was taken to Benedictine Hospital by Schultz Ambulance.

County Woman Is Injured When Vehicles Collide

Mrs. Esther Carlson, 52, of Kerhonkson, suffered multiple contusions, strain of the back and neck and shock when the 1948 station wagon she was operating was in collision with a 1938 passenger car at the intersection of Routes 44-55 and 209, Kerhonkson, about 6 p. m. yesterday, Ellenville state police reported.

Trooper V. Von Kampen, who investigated, said she was treated by a private physician.

The other vehicle, which was traveling north on Route 209, was operated by Russell Whipple, Jr., 24, of Ellenville, who was not injured, Trooper Von Kampen said. Woman Confesses Drowning Child

Brockton ,Mass., June 15 (AP)—A mother of two children was charged with murder early today in the bathtub drowning death of Michael Baldwin, 3, a neighbor's child.

Police Chief John F. O'Connell Jr., said he booked Mrs. Gertrude F. Riordan, 44, after she admitted the slaying in a statement taken down by a stenographer at police headquarters.

The fully-clothed body of the youngster was found in Mrs. Riordan's bathtub yesterday while police were looking for him on a report from his mother that he disappeared from the front porch.

MRS. RIORDAN, mother of two teen-agers, Eleanor, 17, and Joseph, 15, lived in the apartment above that of the victim's family.

Young Michael Baldwin was the youngest of seven children of Mr. and Mrs. Fred Baldwin.

Police Chief O'Connell said Mrs. Riordan related in her statement that the child called on her yesterday forenoon and said he wanted to play cowboys with her.

Mrs. Riordan said she obliged. She tied a face cloth around his neck to take the place of a neckerchief and together they played cowboys.

THE POLICE chief quoted the woman as saying further that when they tired of that game they went into the bathroom where Mrs. Riordan drew 10 inches of water so the youngster could float clothespins as small boats.

Then, the statement continued, "for some unknown reason" Mrs. Riordan picked up the youngster, put him into the bathtub and held his head under water until he went limp.

advertise for bids for paying water mains. Bids for this work cannot be sought until the location of the water supply is definite. Location of a stand-pipe to provide constant pressure throughout the water district also depends on the source of supply. Should a supply be found in the area now being drilled a stand-pipe will probably be erected at a high point along the East Chester street by-pass.

A PREVIOUS plan for a water district in the area failed in approval because of a technical difficulty. In the second application the area of the district was enlarged and the present district extends considerably further north than the original plan.

Resident taxpayers of the area signed the necessary petition for establishment of the district and a bond issue has been approved. Bonds will not be issued at this time and payment for the work as it progresses will be met through issuance of bond anticipation notes which will be paid off when the bonds are sold. The authorized bond issue was for $680,000, according to a town official.

Should water in sufficient supply be located at the site of the present drilling, supplemental wells will be opened to assure an adequate supply for the present and for future development in the water district.

Service, Loyalty Urged by Speaker At Flag Day Event

Greater than ever in our history is the need for tolerance, service, loyalty and patriotism, Daniel A. Becker, former Newburgh corporation counsel and past vice-president of the New York State Elks Association, told a large gathering at the Flag Day ritual Tuesday evening at Academy Green, Albany and Clinton avenues, sponsored by Kingston Lodge 550, BPO Elks.

"Democracy demands a strong citizenry, self-sacrificing for the common ideal of freedom and independence rather than the ideal of selfishness and self-interest," Mr. Becker said.

TRIBUTE TO the flag, he asserted, is coupled with tribute to its defenders who have followed its inspiration on the field of battle in the history of our country. "If, from their sacrifices we have learned no lesson," Mr. Becker pointed out, "then we have engaged in terrible conflict and wasted our most precious possessions in vain."

The Flag Day ritual was conducted by Exalted Ruler Charles Higgins, and Robert M. Smith was general chairman.

Music was furnished by the Kingston Concert Band under the direction of Sal Cast through the cooperation of Local 215 AF of M, through a grant from the Music Performance Trust Fund, an extension of a program of public service originated by the Recording Transcription Fund of AF of M.

Drum Corps

Bangor Yellow Jackets, who played at a number of New York Giants football games at the Polo Grounds last season.

EACH OF THE SIX competing units is given 15 minutes on the field from the time they cross starting line to finish line. All types of music are played including swing, opera, marches and rhumbas. The corps are continually marching and maneuvering except for a period of less than three minutes when they stand still to play a concert.

Nine judges, selected by the All American Judges Association, will appraise each corps, scoring tempo, drumming ability, bugling ability, marching ability, general effects and difficulty of maneuvers. The corps are competing for $3000 in cash, and the winner will receive the Chief Joseph L. Murphy trophy.

AFTER THE six units compete, there will be special attraction followed by a retreat ceremony during which all the units are massed on the field and prizes awarded.

Miss Gertrude Kuhn, national undefeated baton twirling champion, will also present a special exhibition during the program.

THE PAGEANT of Champions was organized by the hosts, the Port Ewen Drum and Bugle Corps, as a stimulant to the drum corps movement, and to create interest for the formation of a junior drum corps with an eye toward curbing juvenile delinquency.

Tickets are on sale at Potter Brothers Sporting Goods Store, 294 Fair street, and Tommy Maines Sporting Goods store, 351 Broadway.

In case of rain, the event will be held Sunday, June 19, at 2:30 p. m.

Because of the heavy influx of visitors for the convention, and the large crowd anticipated at the pageant, area residents are urged to purchase the remaining tickets as soon as possible.

Mahoney Charges HarrimanLeading Toward Socialism

Dunkirk, June 15 (AP)—Walter J. Mahoney, Senate majority leader, says Governor Harriman's administration is attempting to lead the state into what he called a "welfare economy."

Mahoney said last night that such an economy was "nothing less than a long stride toward socialism which is only slightly removed from communism."

The Buffalo Republican made the statements in a speech before the Dunkirk - Fredonia Women's Republican Club.

MAHONEY SAID the governor also was making a "bold and brazen attempt" to claim credit for the accomplishments of the Republican - dominated Legislature.

The governor, he said, "fails to mention that practically every constructive measure which became law was conceived by the Republican majority as the result of studies instituted during 1954 and the early part of 1955."

"Others," he said, "were extensions and continuation of programs inaugurated and carried out under a Republican administration from 1943 through 1954.

Record Power Output

New York, June 15 (AP)—The nation pushed close to a new record in electric power output last week, Edison Electric Institute reported today. Power production amounted to 10,041,000,000 kilowatt hours, 16 per cent over the year ago level, and the highest since the record 10,047,000,000 set in the week ended Feb. 5. Industry sources have attributed the recent jump in output to such factors as the heavy industrial consumption in the automotive and steel centers, the big air conditioning and refrigeration loads with the arrival of warm weather, and the opening of new Atomic Energy Commission installations in the southeast.

The 51-year-old beverage firm executive pleaded innocent at his arraignment yesterday before Magistrate Luke M. McKenny.

He is accused of slaying redheaded Mrs. Rose Mary Rose, whose body was found in the bathtub of her home at 12 Summit street on Monday. An autopsy showed she died of strangulation. Her body bore numerous bruises.

Barry, married and the father of a 17-year-old daughter, is New Jersey representative for the liquor division of the Canada Dry Bottling Co., New York.

Drum Corps

Bangor Yellow Jackets, who played at a number of New York Giants football games at the Polo Grounds last season.

EACH OF THE SIX competing units is given 15 minutes on the field from the time they cross starting line to finish line. All types of music are played including swing, opera, marches and rhumbas. The corps are continually marching and maneuvering except for a period of less than three minutes when they stand still to play a concert.

Nine judges, selected by the All American Judges Association, will appraise each corps, scoring tempo, drumming ability, bugling ability, marching ability, general effects and difficulty of maneuvers. The corps are competing for $3000 in cash, and the winner will receive the Chief Joseph L. Murphy trophy.

AFTER THE six units compete, there will be special attraction followed by a retreat ceremony during which all the units are massed on the field and prizes awarded.

Miss Gertrude Kuhn, national undefeated baton twirling champion, will also present a special exhibition during the program.

THE PAGEANT of Champions was organized by the hosts, the Port Ewen Drum and Bugle Corps, as a stimulant to the drum corps movement, and to create interest for the formation of a junior drum corps with an eye toward curbing juvenile delinquency.

Tickets are on sale at Potter Brothers Sporting Goods Store, 294 Fair street, and Tommy Maines Sporting Goods store, 351 Broadway.

In case of rain, the event will be held Sunday, June 19, at 2:30 p. m.

Because of the heavy influx of visitors for the convention, and the large crowd anticipated at the pageant, area residents are urged to purchase the remaining tickets as soon as possible.

Mahoney Charges HarrimanLeading Toward Socialism

Dunkirk, June 15 (AP)—Walter J. Mahoney, Senate majority leader, says Governor Harriman's administration is attempting to lead the state into what he called a "welfare economy."

Mahoney said last night that such an economy was "nothing less than a long stride toward socialism which is only slightly removed from communism."

The Buffalo Republican made the statements in a speech before the Dunkirk - Fredonia Women's Republican Club.

MAHONEY SAID the governor also was making a "bold and brazen attempt" to claim credit for the accomplishments of the Republican - dominated Legislature.

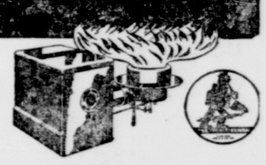

The governor, he said, "fails to mention that practically every constructive measure which became law was conceived by the Republican majority as the result of studies instituted during 1954 and the early part of 1955."

"Others," he said, "were extensions and continuation of programs inaugurated and carried out under a Republican administration from 1943 through 1954.

Record Power Output

New York, June 15 (AP)—The nation pushed close to a new record in electric power output last week, Edison Electric Institute reported today. Power production amounted to 10,041,000,000 kilowatt hours, 16 per cent over the year ago level, and the highest since the record 10,047,000,000 set in the week ended Feb. 5. Industry sources have attributed the recent jump in output to such factors as the heavy industrial consumption in the automotive and steel centers, the big air conditioning and refrigeration loads with the arrival of warm weather, and the opening of new Atomic Energy Commission installations in the southeast.

East Berlin newspapers said Spanier was a member of the 12th Infantry Battalion of the 2nd Armored Division. His serial number was listed as RA15 528 280, but his rank and home address were not given.

The newspapers quoted Spanier as saying he left his army post because he did not want to be a fighter for "American imperialism," and also that he hoped to begin a new life in East Germany.

U. S. Army officials here said a soldier named Horst Spanier has been missing from the 12th Infantry Battalion at Worms, West Germany, since May 8.

Bob Maines made the switch from Kingston High's varsity to the City Baseball League with remarkable adroitness yesterday.

The free wheeling portsider pitched the New York Panthers to a brilliant 2-0 victory over Nadler Motors and Zeke Klosterman at the Athletic Field.

MAINES PERMITTED only one hit, a scratch hit to deep third by Smith in the second inning. He struck out 12 and walked four.

But the Maroon's no-hit, no-run pitcher drew a worthy opponent in Klosterman who allowed only six hits and single tallies in the first and fourth.

Both of the runs off Klosterman were tainted. And only the first was even remotely "earned."

It started in the first inning when Don Ferraro led off with a pop fly that the Nadler infield let fall untouched. Ferraro then stole second and rode home on Johnny Godwin's single to center.

A WILD HEAVE by third baseman Smith led to the second Panther tally in the fourth. Back to back singles by Christiana and Godwin put Christiana on third. Manager Charlie Havlin flashed the squeeze sign and Bill Haber bunted. Smith threw wildly to the plate as Christiana scored the second marker.

Christiana and Godwin, who figured in both Panther tallies, had two hits apiece. Ferraro and Cea delivered the other tallies.

THE CITY LEAGUE is idle today because of the King and His Court exhibition at Dietz Stadium. The schedule resumes Monday with Doblers making their first appearance of the season against the Bowlodrome.

Albany Senators On the Upswing

(By The Associated Press)

Two weeks ago Albany's Senators, floundering in a 12-game losing streak, threatened to dig a record hole in the Eastern League basement. Now they're headed up again.

The 1954 playoff champions chopped Elmira twice last night, 4-2 and 16-5, to come within a game of handing over the cellar chores to the seventh-place Pioneers.

The Senators now have won four in a row and are 11½ lengths behind front-running Williamsport, which dropped a 6-3 decision at Allentown.

BINGHAMTON jolted host Schenectady 8-4 to move past the Jays into second place, 1½ games back of the leaders.

Wilkes-Barre, threatened with loss of its franchise due to poor attendance, drew 5,134 at an Acme Markets night but fell before Reading's fireballing Pete Mesa, 5-0.

At Elmira, Paul Doughty set the Pioneers down on four hits to best Don Brate in the seven-inning opener. Doughty's record is now 2-1, while Brate has won two of seven decisions. The Senators exploded for eight runs in the seventh of the night-cap to give Harry Weakley his fourth victory against four losses. Les Fessette, first of six Elmira hurlers, took the defeat. He is now 3-4.

Leads Seniors

Rye, June 15 (AP)—John W. Roberts of Columbus, Ohio, a "Youngster of 56, held the lead today in the United States Seniors Golf Association's 51st annual tournament. He shot a 36-37—73, one-over-par yesterday to lead defending champion J. Ellis Knowles of Rye, N. Y., by one stroke.

Bucky Miller Raps Two Home Runs

The Destroyer AC turned its heavy artillery against Turcams to register a 21-6 victory in the American Division of the City Softball League yesterday.

The win was the ninth in 11 games for the Destroyers and moved them a game behind the unbeaten Perry squad.

CHEZ EMILE gained its seventh win of the season, 10-3, over Wimpy's. In other games, Krovan trounced Cherny's, 9-2 and Hilltop shaded the American Legion, 5-4, with a three-run rally in the bottom of the seventh.

Destroyers spiked Turnier and Riti for 20 hits, including a pair of home runs by Bucky Miller and another by Johnny Lawson. Meanwhile, Frank Boyce and Dave Brandon collaborated on a five-hitter.

LAWSON WENT "5 for 5", including two doubles, two singles and the homer. Jim Lindsay rapped a couple of doubles and a single and Don Davis poled two triples. C. Van Derzee and Boyce also had two hits.

Joe Enright scattered eight hits effectively as Chez Emile whipped Wimpy's. The winners garnered 11 hits off Don Wolff. J. Woods' double was the only extra base blow of the contest.

H. Embree, Bud Scheffel and Fred Schryver belted two hits each. J. Woods, J. Smith and B. Hutton had a pair each for Wimpy's.

KROVAN CHASED six runs across the plate in the sixth and Savino scattered seven hits and hit a homer in his own behalf in tripping Cherny's.

C. Brookston of Cherny's was the leading hitter with three singles. Post, Weishaupt, Gilligan, Berardi and Chatham also had a brace of safeties.

Hilltop won a thriller from the Legion when McCardle doubled Melnik home with the tying run with two out in the bottom of the seventh. Primo then followed with a solid single to center for the winning tally.

AL CROSS who relieved Ashdown in the third and pitched shutout ball was credited with the win. Melnik collected three hits in three trips for Hilltop. Primo and Felipe each had a pair, as did Fulgum and Dutcher for the Legion.

Rosalene Perlman Mrs. Ann Olin Win

Rosalene Perlman and Mrs. Ann Olin won the 18-hole and 9-hole sections of the string tournament staged by the Woodstock Country Club women golfers yesterday.

Mrs. Perlman fired a 90 gross and 68 net and Inger Walker had 112-70 in the 18-hole division.

Mrs. Olin grossed 47 and had 33 net to lead the 9-hole group.

Macias-Peacock Return Tonight

Los Angeles, June 15 (AP)—NBA bantamweight champion Paul (Mighty Mouse) Macias makes his first Los Angeles appearance tonight as a 2½ to 1 favorite to defeat Billy (Sweet Pea) Peacock in a 10-round non-title fight.

An overflow crowd of more than 10,000 is expected to contribute about $50,000 to see the little Negro battler attempt to avenge the technical knockout he suffered at Macias' hands last year in Mexico City.

At that time Sweet Pea said a cut eye slowed him down and the high altitude made it difficult to breathe.

Macias has a perfect pro record—14 to 14. Peacock has won 24 out of 33. Neither fighter has fought a draw.

The bout will be televised nationally (10 p. m. EST).

Chicago—Kenny Hammer, 185, Detroit, outpointed Denny Thomas, 179, Chicago, 8.

Boston—Bob Murphy, 144½, Boston, outpointed Fitzie Pruden, 148, Paterson, N. J.,8.

Shirley Buckman Leads With 483

Shirley Buckman put together games of 180, 120 and 183 to lead the BYA Summer League with 483 last night.

Halifax, N. S.—Gabby Paliotti, 124½, Montreal, stopped Leroy Jones, 128, Halifax, 8.

Dodgers Snap Giant Skein, 9-1

Dodgers stopped the Giants' four-game winning streak, 9 to 1, in the Esopus Little League, as Al Christopher throttled the league leaders with four hits.

Christopher helped his own cause with a pair of doubles among the five Dodger hits off John Potter. Bob Dickenson had a double. Jim Tinney collected two singles for the Giants, who escaped a shutout in the fifth.

The SCOREBOARD

By ED WILKS
(The Associated Press)

No wonder Eddie Stanky says he doesn't hold a grudge against the St. Louis Cardinals for giving him a boot as manager. Why should he? They've been vindicating the little guy ever since he left.

In three years as manager, Stanky had been accused of overmanaging, taking the game home at night, upsetting clubhouse tranquility and other odds and ends in an effort to explain why the Cards looked good on paper but not in the National League standings.

Hoping a change "might make things better," the beer barons who own the club dispensed with Stanky and called in Harry (The Hat) Walker, a nice, easy going fellow.

SO WHAT happens? The Cardinals lose 12 of 17 under mild-mannered Harry, slip into seventh place and fall 20 games behind the front-running Brooklyns.

When Stanky left May 27, the Cards were fifth, 10 games back.

Neither Stanky nor Walker can take the rap, apparently. Walker's received just five complete games, losing three of them, from his mound staff in the 17 contests.

That was the story last night. Pittsburgh, only 4½ games behind St. Louis, belted starter Larry Jackson and Brooks Lawrence for eight runs in the fourth and won 10-5.

The run-way Dodgers, meanwhile, stretched their fantastic lead to 11½ games, whipping Cincinnati 9-0 after the runner-up Chicago Cubs had lost to New York's Giants 5-0 in a day game. Milwaukee beat Philadelphia and Robin Roberts 4-2 in the other National League game.

IN THE AMERICAN, the New York Yankees held on to their slim lead by beating Detroit 7-6 in 10 innings. Second place Chicago beat Baltimore 1-0 and third place Cleveland took two from Washington, 6-4 in 11 innings and 3-1 on rookie Herb Score's two hitter. Boston belted Kansas City 12-4.

Pittsburgh rapped the Cards, with Dale Long hitting a solo homer in the second and driving in three more on a double and bases-loaded single as 13 Bucs came to the plate in the big fourth.

Johnny Podres won his sixth for Brooklyn, blanking the Redlegs on seven hits. The Dodgers scored six in the second inning, routing loser Johnny Klippstein and Steve Ridzik, as Duke Snider smacked his 20th homer with two on.

THE GIANTS verbally spanked by Manager Leo Durocher the day before their lack-luster play, smeared the Cubs with three runs in the second on homers by rookie Gail Harris and Willie Mays. It was the fourth major league home run for Harris—all in the last five games. Ruben Gomez won his third for the first shutout of the season by the Giants' staff as Sam Jones lost his eighth.

A four-base throwing error by pitcher Al Aber capped a three-run ninth for the Yanks, with Andy Carey racing all the way around to score the tying run after hitting in front of the plate. Mickey Mantle then won it with a single in the 10th off George Zuverink after a walk and a single.

Australia will begin its 1955 quest for the Davis Cup when it meets Mexico in a first round American Zone match at Chicago July 15, 16 and 17.

Bob Maines made the switch from Kingston High's varsity to the City Baseball League with remarkable adroitness yesterday.

The free wheeling portsider pitched the New York Panthers to a brilliant 2-0 victory over Nadler Motors and Zeke Klosterman at the Athletic Field.

MAINES PERMITTED only one hit, a scratch hit to deep third by Smith in the second inning. He struck out 12 and walked four.

But the Maroon's no-hit, no-run pitcher drew a worthy opponent in Klosterman who allowed only six hits and single tallies in the first and fourth.

Both of the runs off Klosterman were tainted. And only the first was even remotely "earned."

It started in the first inning when Don Ferraro led off with a pop fly that the Nadler infield let fall untouched. Ferraro then stole second and rode home on Johnny Godwin's single to center.

A WILD HEAVE by third baseman Smith led to the second Panther tally in the fourth. Back to back singles by Christiana and Godwin put Christiana on third. Manager Charlie Havlin flashed the squeeze sign and Bill Haber bunted. Smith threw wildly to the plate as Christiana scored the second marker.

Christiana and Godwin, who figured in both Panther tallies, had two hits apiece. Ferraro and Cea delivered the other tallies.

THE CITY LEAGUE is idle today because of the King and His Court exhibition at Dietz Stadium. The schedule resumes Monday with Doblers making their first appearance of the season against the Bowlodrome.

Albany Senators On the Upswing

(By The Associated Press)

Two weeks ago Albany's Senators, floundering in a 12-game losing streak, threatened to dig a record hole in the Eastern League basement. Now they're headed up again.

The 1954 playoff champions chopped Elmira twice last night, 4-2 and 16-5, to come within a game of handing over the cellar chores to the seventh-place Pioneers.

The Senators now have won four in a row and are 11½ lengths behind front-running Williamsport, which dropped a 6-3 decision at Allentown.

BINGHAMTON jolted host Schenectady 8-4 to move past the Jays into second place, 1½ games back of the leaders.

Wilkes-Barre, threatened with loss of its franchise due to poor attendance, drew 5,134 at an Acme Markets night but fell before Reading's fireballing Pete Mesa, 5-0.

At Elmira, Paul Doughty set the Pioneers down on four hits to best Don Brate in the seven-inning opener. Doughty's record is now 2-1, while Brate has won two of seven decisions. The Senators exploded for eight runs in the seventh of the night-cap to give Harry Weakley his fourth victory against four losses. Les Fessette, first of six Elmira hurlers, took the defeat. He is now 3-4.

Leads Seniors

Rye, June 15 (AP)—John W. Roberts of Columbus, Ohio, a "Youngster of 56, held the lead today in the United States Seniors Golf Association's 51st annual tournament. He shot a 36-37—73, one-over-par yesterday to lead defending champion J. Ellis Knowles of Rye, N. Y., by one stroke.

Bucky Miller Raps Two Home Runs

The Destroyer AC turned its heavy artillery against Turcams to register a 21-6 victory in the American Division of the City Softball League yesterday.

The win was the ninth in 11 games for the Destroyers and moved them a game behind the unbeaten Perry squad.

CHEZ EMILE gained its seventh win of the season, 10-3, over Wimpy's. In other games, Krovan trounced Cherny's, 9-2 and Hilltop shaded the American Legion, 5-4, with a three-run rally in the bottom of the seventh.

Destroyers spiked Turnier and Riti for 20 hits, including a pair of home runs by Bucky Miller and another by Johnny Lawson. Meanwhile, Frank Boyce and Dave Brandon collaborated on a five-hitter.

LAWSON WENT "5 for 5", including two doubles, two singles and the homer. Jim Lindsay rapped a couple of doubles and a single and Don Davis poled two triples. C. Van Derzee and Boyce also had two hits.

Joe Enright scattered eight hits effectively as Chez Emile whipped Wimpy's. The winners garnered 11 hits off Don Wolff. J. Woods' double was the only extra base blow of the contest.

H. Embree, Bud Scheffel and Fred Schryver belted two hits each. J. Woods, J. Smith and B. Hutton had a pair each for Wimpy's.

KROVAN CHASED six runs across the plate in the sixth and Savino scattered seven hits and hit a homer in his own behalf in tripping Cherny's.

C. Brookston of Cherny's was the leading hitter with three singles. Post, Weishaupt, Gilligan, Berardi and Chatham also had a brace of safeties.

Hilltop won a thriller from the Legion when McCardle doubled Melnik home with the tying run with two out in the bottom of the seventh. Primo then followed with a solid single to center for the winning tally.

AL CROSS who relieved Ashdown in the third and pitched shutout ball was credited with the win. Melnik collected three hits in three trips for Hilltop. Primo and Felipe each had a pair, as did Fulgum and Dutcher for the Legion.

Macias-Peacock Return Tonight

Los Angeles, June 15 (AP)—NBA bantamweight champion Paul (Mighty Mouse) Macias makes his first Los Angeles appearance tonight as a 2½ to 1 favorite to defeat Billy (Sweet Pea) Peacock in a 10-round non-title fight.

An overflow crowd of more than 10,000 is expected to contribute about $50,000 to see the little Negro battler attempt to avenge the technical knockout he suffered at Macias' hands last year in Mexico City.

At that time Sweet Pea said a cut eye slowed him down and the high altitude made it difficult to breathe.

Macias has a perfect pro record—14 to 14. Peacock has won 24 out of 33. Neither fighter has fought a draw.

The bout will be televised nationally (10 p. m. EST).

Chicago—Kenny Hammer, 185, Detroit, outpointed Denny Thomas, 179, Chicago, 8.

Boston—Bob Murphy, 144½, Boston, outpointed Fitzie Pruden, 148, Paterson, N. J., 8.

Mrs. Olin grossed 47 and had 33 net to lead the 9-hole group.

Dodgers Snap Giant Skein, 9-1

Dodgers stopped the Giants' four-game winning streak, 9 to 1, in the Esopus Little League, as Al Christopher throttled the league leaders with four hits.

Christopher helped his own cause with a pair of doubles among the five Dodger hits off John Potter. Bob Dickenson had a double. Jim Tinney collected two singles for the Giants, who escaped a shutout in the fifth.

THE SCOREBOARD

By ED WILKS
(The Associated Press)

No wonder Eddie Stanky says he doesn't hold a grudge against the St. Louis Cardinals for giving him a boot as manager. Why should he? They've been vindicating the little guy ever since he left.

In three years as manager, Stanky had been accused of over-managing, taking the game home at night, upsetting clubhouse tranquility and other odds and ends in an effort to explain why the Cards looked good on paper but not in the National League standings.

Hoping a change "might make things better," the beer barons who own the club dispensed with Stanky and called in Harry (The Hat) Walker, a nice, easy going fellow.

SO WHAT happens? The Cardinals lose 12 of 17 under mild-mannered Harry, slip into seventh place and fall 20 games behind the front-running Brooklyns.

When Stanky left May 27, the Cards were fifth, 10 games back.

Neither Stanky nor Walker can take the rap, apparently. Walker's received just five complete games, losing three of them, from his mound staff in the 17 contests.

That was the story last night. Pittsburgh, only 4½ games behind St. Louis, belted starter Larry Jackson and Brooks Lawrence for eight runs in the fourth and won 10-5.

The run-way Dodgers, meanwhile, stretched their fantastic lead to 11½ games, whipping Cincinnati 9-0 after the runner-up Chicago Cubs had lost to New York's Giants 5-0 in a day game. Milwaukee beat Philadelphia and Robin Roberts 4-2 in the other National League game.

IN THE AMERICAN, the New York Yankees held on to their slim lead by beating Detroit 7-6 in 10 innings. Second place Chicago beat Baltimore 1-0 and third place Cleveland took two from Washington, 6-4 in 11 innings and 3-1 on rookie Herb Score's two hitter. Boston belted Kansas City 12-4.

Pittsburgh rapped the Cards, with Dale Long hitting a solo homer in the second and driving in three more on a double and bases-loaded single as 13 Bucs came to the plate in the big fourth.

Johnny Podres won his sixth for Brooklyn, blanking the Redlegs on seven hits. The Dodgers scored six in the second inning, routing loser Johnny Klippstein and Steve Ridzik, as Duke Snider smacked his 20th homer with two on.

THE GIANTS verbally spanked by Manager Leo Durocher the day before their lack-luster play, smeared the Cubs with three runs in the second on homers by rookie Gail Harris and Willie Mays. It was the fourth major league home run for Harris—all in the last five games. Ruben Gomez won his third for the first shutout of the season by the Giants' staff as Sam Jones lost his eighth.

A four-base throwing error by pitcher Al Aber capped a three-run ninth for the Yanks, with Andy Carey racing all the way around to score the tying run after hitting in front of the plate. Mickey Mantle then won it with a single in the 10th off George Zuverink after a walk and a single.

Australia will begin its 1953 quest for the Davis Cup when it meets Mexico in a first round American Zone match at Chicago July 15, 16 and 17.

Junior Chamber of Commerce Plans Tennis Tourney Friday

Area Winners Will Qualify For State Finals

Forsyth Park Scene of Playoffs

The Junior Chamber of Commerce sponsors its second statewide sports elimination tournament Friday with a tennis playoff at 2 p. m. at Forsyth Park.

The tennis tournament is operated along the lines of the recent golf eliminations.

TWO AREA YOUTHS will be qualified for the state JCC tennis championships at the Vassar College courts at Poughkeepsie on June 27-28-29.

The local tournament is open to all youths up to the age of 17. Seymour Werbalowsky, chairman of the golf tournament, also heads the tennis playoffs and will be assisted by Bob Beaumont and Robert MacKinnon.

The competition will be in singles only, Werbalowsky said.

IT IS PLANNED to stage the event at the Forsyth courts but if there is an overflow some matches will be played at Hutton Park and an extra group will be held Saturday morning.

Entries can be filed directly with Werbalowsky at 86 John street.

The winners of the state finals at Poughkeepsie will be sent to the nationals in Texas.

Leo Durocher says no man alive throws a ball faster than Herb Score of the Cleveland Indians. If you take Yogi Berra's perhaps prejudiced opinion, Turley is the fastest pitcher in the majors. "I think Turley throws the fastest ball of any pitcher I ever caught," says Berra. "The only pitcher I've caught taht compares to Turley is Allie Reynolds. But Allie never threw so hard so often. That Turley can throw the ball past the hitters and do it consistently."

When Alvin Dark first saw Score this spring, the Giants' shortstop said the Indians' new fireballing southpaw threw faster than anyone he had ever faced. But others who have swung against both agree that Bob Turley is swifter. Turley right now is largely a power pitcher. Bullet Bob just rears back and pumps the ball through there. That puts the problem up to the hitter, as Dizzy Dean used to say.

"Score can't throw a straight ball," observes his teammate, Bob Feller, one of the all-time great cannoneers. "Even playing catch with him, you have to watch out. Everything he throws has a tail on it. If you aren't careful, you're likely to be hit in the face. . . ." Well, who's faster Turley or Score?

• Of Men and Mice:

Bud Fromer's Tyler Hanover lowered his lifetime mark of 2:03 3/5 in whipping the favored Chief Abbedale by three-quarters of a length in the $5,000 AA Pace at Roosevelt Raceway on June 3. Leo Fleisch was in the saddle for the free-legged Nibble Hanover stallion. . . . Jim Freligh, secretary of the local City Baseball League, is the new manager of the Saugerties BB Club. . . . Joe Benjamin handles the Saugerties Whiz Kids. . . . The Yankees, still interested in Mickey McDermott of the Senators, sounded out a New York sports writer on the crooner's temperament. . . . But at the moment the Stengeleers are playing themselves out of any possible trade. . . . Coach Bil Straub of Saugerties High School made a bold and dramatic statement at a recent Sawyer athletic dinner. He charged that Saugerties High and some other schools were continuing to operate their physical education departments according to "dark age standards." Straub said it was not the fault of the school administration or the physical education department. "We're doing the best we can with what we've been given to work with," he added. He made a strong plug for centralization, said in the long run it would be the solution of current problems.

Sam Snead Would Skip United States Open If He Could Tell What's Going to Happen

BY HARRY GRAYSON
NEA Sports Editor

San Francisco, (NEA—Porky Oliver has run second oftener than a horse player.

"But for a stroke here and there he might have won as many major titles as Ben Hogan or Sam Snead.

But Snead has had his one-stroke trouble, too. On the air, the millionaire West Virginia hillbilly was asked what he intended to do in this year's U. S. Open over the Lake Course at the Olympic Coun starting June 16.

"If I knew what was happen in the Open, I prob wouldn't go," replied the incredible hill-billy.

IN A SENTENCE, he best described what has come t his approach to the gre golf show on earth. The long since has been a men block to Snead, winner of nearly 100 tournaments, every one for which he was eligible except the biggest one, where everything has happened to him. And at 43 time is running out on the man generally considered the greatest natural player in the history of the ancient game.

Snead, the perennial favorite, has been runner-up in the Open four times and the historic and tragic 8 at Spring Mill (Philadelphia) where he didn't finish second, is only one of the gory details.

The Open started playing tricks on Snead when the self-taught Virginian first came around at Oakland Hills in 1937. He was counting the cash with 283 when tall Ralph Guldahl holed a long putt on the 12th hole. That ignited a string of birdies and a 69 and a new Open record, 281.

SNEAD CAME to the final hole at Spring Hill in 1939 needing only a par 5 to win. He figured to shoot the hole in four. But he used a 2-wood attempting to get out of the sand and wound up with the horrendous 8.

Snead's 67 lead the field at Cleveland's Canterbury by two strokes at the conclusion of the first round in 1940. This was to be it . . . finally, but Slammin' Sammy blew up like a poisoned with a 74, 73 and wow! 81. he same course in 1946, he after tying for the early with 69.

Many so-called experts have declared that while Snead is a remarkable tee-to-green player, inability to putt has been his downfall. What downfall? A lot of guys would like to putt like Samuel Jackson.

"SURE, I'VE missed them like everybody else," he drawls, "but how can they say I am a bad putter when I won nearly 100 tournaments.

Snead holed a 20-foot putt to tie Lew Worsham with 282 in the 1947 Open at the St. Louis Country Club. They came to the 18th green of the play-off even with 68s. The putts were laying so close Worsham asked that they be measured. Worsham, away at 31 inches, sank his. Snead missed his of 30 inches.

Hogan set the present Open record, 276, at Los Angeles Riviera in 1948, after Snead led at the half with a pair of 69s.

AT CHICAGO Medinah in 1949, Snead tied with Clayton Heafner for second with 287, a stroke behind Dr. Cary Middlecoff. The non-practicing dentist was in when Sam's ball landed on the apron of the green at the one-shot 17th. Snead used a putter where a lot of fellows would have chipped. Any way he was short and took a 4 on a par 3.

Snead was second to Hogan but by six strokes at Oakmont in 1953. A lot of guys have committed suicide for less than what has happened to Sam Snead in the U. S. Open. But come Thursday he'll be trying all over again.

The nbn-Fords and modified stocks will be featured at Rhinebeck Speedway Saturday night.

The Fords will run in qualifying heats as well as a 20-lap feature. More than 40 of the roughhousers are expected to compete.

Ken Gootermote, winner of more feature events than any eastern pilot this season, heads the field in the modified division.

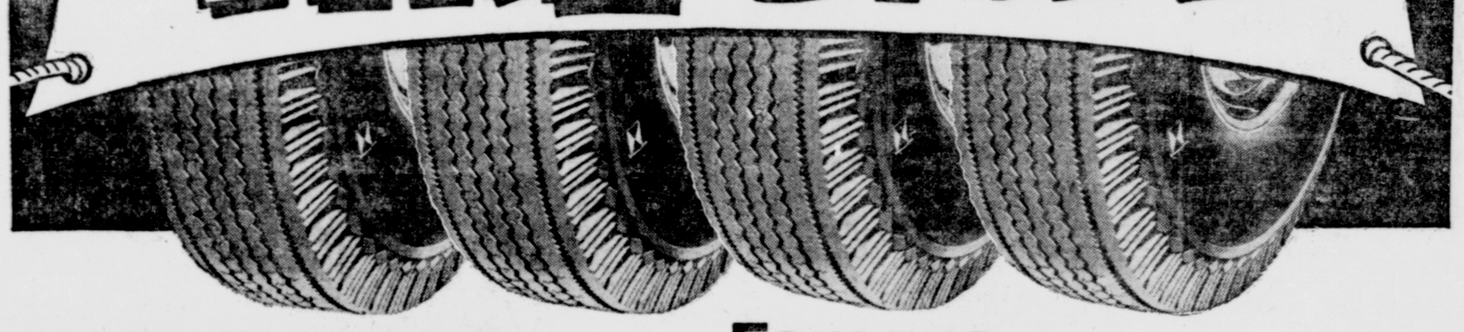

Strong opposition for Gootermote is expected from Bob Devine, Doug Garrison, Link Pettit, the Irving brothers and others. The nine-event program starts at 8:30 p. m.

Sam Snead Would Skip United States Open If He Could Tell What's Going to Happen

BY HARRY GRAYSON
NEA Sports Editor

San Francisco, (NEA—Porky Oliver has run second oftener than a horse player.

"But for a stroke here and there he might have won as many major titles as Ben Hogan or Sam Snead.

But Snead has had his one-stroke trouble, too. On the air, the millionaire West Virginia hillbilly was asked what he intended to do in this year's U. S. Open over the Lake Course at the Olympic Coun starting June 16.

"If I knew what was happen in the Open, I probably wouldn't go," replied the incredible hill-billy.

IN A SENTENCE, he best described what has come t his approach to the gre golf show on earth. The long since has been a men block to Snead, winner of nearly 100 tournaments, every one for which he was eligible except the biggest one, where everything has happened to him. And at 43 time is running out on the man generally considered the greatest natural player in the history of the ancient game.

Snead, the perennial favorite, has been runner-up in the Open four times and the historic and tragic 8 at Spring Mill (Philadelphia) where he didn't finish second, is only one of the gory details.

The Open started playing tricks on Snead when the self-taught Virginian first came around at Oakland Hills in 1937. He was counting the cash with 283 when tall Ralph Guldahl holed a long putt on the 12th hole. That ignited a string of birdies and a 69 and a new Open record, 281.

SNEAD CAME to the final hole at Spring Hill in 1939 needing only a par 5 to win. He figured to shoot the hole in four. But he used a 2-wood attempting to get out of the sand and wound up with the horrendous 8.

Snead's 67 lead the field at Cleveland's Canterbury by two strokes at the conclusion of the first round in 1940. This was to be it . . . finally, but Slammin' Sammy blew up like a poisoned with a 74, 73 and wow! 81. he same course in 1946, he l after tying for the early with 69.

Many so-called experts have declared that while Snead is a remarkable tee-to-green player, inability to putt has been his downfall. What downfall? A lot of guys would like to putt like Samuel Jackson.

"SURE, I'VE missed them like everybody else," he drawls, "but how can they say I am a bad putter when I won nearly 100 tournaments.

Snead holed a 20-foot putt to tie Lew Worsham with 282 in the 1947 Open at the St. Louis Country Club. They came to the 18th green of the play-off even with 68s. The putts were laying so close Worsham asked that they be measured. Worsham, away at 31 inches, sank his. Snead missed his of 30 inches.

Hogan set the present Open record, 276, at Los Angeles Riviera in 1948, after Snead led at the half with a pair of 69s.

AT CHICAGO Medinah in 1949, Snead tied with Clayton Heafner for second with 287, a stroke behind Dr. Cary Middlecoff. The non-practicing dentist was in when Sam's ball landed on the apron of the green at the one-shot 17th. Snead used a putter where a lot of fellows would have chipped. Any way he was short and took a 4 on a par 3.

Snead was second to Hogan but by six strokes at Oakmont in 1953. A lot of guys have committed suicide for less than what has happened to Sam Snead in the U. S. Open. But come Thursday he'll be trying all over again.

Watkins Defeats Minelli in Buffalo

Buffalo, June 15 (AP)—Jimmy Watkins of Buffalo won a split decision over Livio Mincelli, former European welterweight champ, in a 10-round welterweight bout in Memorial Auditorium. Both weighed 150.

Judge Tom Fisher had it 6-4 for Watkins and Fred Hegnauer gave the local fighter a 7-1-2 margin. Referee Lou Scozza scored it 4-4-2. There were no knockdowns.

Minelli caught Watkins with some left hooks to the head and solid smashes to the body in the early rounds. But Watkins, the aggressor all the way, took over in the last five rounds when Minelli showed signs of tiring.

Havana Streak Reaches Twelve

(By The Associated Press)

The Havana Sugar Kings are just a half-game and three putouts away from first place today in the International League.

They stretched their winning streak to 12 games last night, overhauling Richmond 6-5. That would have been No. 13 in the string, except for a Friday night game that was suspended after eight innings with the Kings leading Rochester 4-1.

IF THAT contest was officially in the books, Havana would be in a virtual first-place tie with Toronto's Maple Leafs. As is, Toronto has a half-game edge over Montreal and Havana despite an 8-4 defeat by Rochester last night.

Montreal holds a four percentage point margin on the Kings for second place, sweeping a twi-nighter at Buffalo 8-0 and 4-1 that dropped the Bisons into last place.

Syracuse dumped Columbus twice by a pair of 5-2 margins to remain unbeaten by the Jets in seven games this season.

TO BE SAFE, OTHER WATERS SHOULD BE PURIFIED BEFORE DRINKING, EITHER BY BOILING IT FOR A MINUTE OR MORE, OR WITH PURIFICATION TABLETS. A 2½% SOLUTION OF IODINE MAY ALSO BE USED: USE 8 DROPS PER QUART OF WATER; SHAKE AND LET IT STAND 10 MINUTES BEFORE DRINKING.

Federal District Judge Knight, 84 Dies in Hospital

Buffalo, N. Y., June 15 (AP)—John Knight, federal district judge for the district of western New York for the past 24 years and a former president pro tem and Republican leader of the New York State Senate, died early today at the age of 84.

Judge Knight was taken ill on Easter Sunday and was brought from his home in Arcade to Buffalo General Hospital. Until then, he had seldom missed making the round trip of 80 miles to his office in Buffalo every working day.

His death removes from the federal bench one of the oldest district judges, both in age and point of service, in the country.

AMONG THE more important of the many cases heard by Knight during his near quarter-century on the bench was the federal anti-trust case involving the Schine theatre interests in four states. The case started in 1939 and one phase of it still was in Knight's hands at the time of his death.

Among Knight's other far-reaching decisions was his refusal three years ago to permit the Italian government to extradite Carl G. Lo Dolce, a former army sergeant, for trial on a murder charge. Lo Dolce and a former army lieutenant were accused of killing their commanding officer during a secret mission behind the German lines in Italy during World War 2.

IN 1916 KNIGHT was elected to the State Senate from the old 44th District. He was elected president pro tem by his Republican colleagues in 1925 and led his party in the smaller House during much of the terms of the late Democratic governors, Alfred E. Smith and Franklin D. Roosevelt.

During his years in the Legislature, Knight served as chairman of a special commission whose work resulted in a general rivision of the state's Public Service Commission laws.

President Hoover appointed Knight to the federal bench early in 1931.

Harkavy Arraigned On Statement Charge

David Harkavy of 7 Inwood street, Ellenville, was arraigned before Acting Police Justice Lawrence Levine on Monday on a charge of issuing a false financial statement in connection with his feed, grain and bottled gas business in that village. The complainant is Park and Pollard, feed distributors.

It is alleged in the information drawn up through the office of District Attorney Howard C. St. John, that there is "in excess of $50,000" involved. The information under which Harkavy was arraigned charges an "indictable" misdemeanor. A hearing on the charge was postponed until Monday, June 20, at 7 o'clock, when the matter may be referred to the grand jury for action. Harkavy is represented by Benjamin Lonstein, police justice of the village, who because of his appearance for the defendant became ineligible to sit. Levine will sit as acting police justice in the matter.

Willard Hayden Dies

Lexington, Mass., June 15 (AP)—J. Willard Hayden, 81, president of the 70 million dollar Charles Hayden Foundation, died today of injuries suffered Saturday in an automobile collision. Hayden's injuries were not considered serious, but yesterday, Symmes Arlington Hospital in Arlington reported, his condition became worse and he succumbed early today.

Watkins Defeats Minelli in Buffalo

Buffalo, June 15 (AP)—Jimmy Watkins of Buffalo won a split decision over Livio Mincelli, former European welterweight champ, in a 10-round welterweight bout in Memorial Auditorium. Both weighed 150.

Judge Tom Fisher had it 6-4 for Watkins and Fred Hegnauer gave the local fighter a 7-1-2 margin. Referee Lou Scozza scored it 4-4-2. There were no knockdowns.

Minelli caught Watkins with some left hooks to the head and solid smashes to the body in the early rounds. But Watkins, the aggressor all the way, took over in the last five rounds when Minelli showed signs of tiring.

Havana Streak Reaches Twelve

(By The Associated Press)

The Havana Sugar Kings are just a half-game and three put-outs away from first place today in the International League.

They stretched their winning streak to 12 games last night, overhauling Richmond 6-5. That would have been No. 13 in the string, except for a Friday night game that was suspended after eight innings with the Kings leading Rochester 4-1.

IF THAT contest was officially in the books, Havana would be in a virtual first-place tie with Toronto's Maple Leafs. As is, Toronto has a half-game edge over Montreal and Havana despite an 8-4 defeat by Rochester last night.

Montreal holds a four percentage point margin on the Kings for second place, sweeping a twi-nighter at Buffalo 8-0 and 4-1 that dropped the Bisons into last place.

Syracuse dumped Columbus twice by a pair of 5-2 margins to remain unbeaten by the Jets in seven games this season.

Federal District Judge Knight, 84 Dies in Hospital

Buffalo, N. Y., June 15 (AP)—John Knight, federal district judge for the district of western New York for the past 24 years and a former president pro tem and Republican leader of the New York State Senate, died early today at the age of 84.

Judge Knight was taken ill on Easter Sunday and was brought from his home in Arcade to Buffalo General Hospital. Until then, he had seldom missed making the round trip of 80 miles to his office in Buffalo every working day.

His death removes from the federal bench one of the oldest district judges, both in age and point of service, in the country.

AMONG THE more important of the many cases heard by Knight during his near quarter-century on the bench was the federal anti-trust case involving the Schine theatre interests in four states. The case started in 1939 and one phase of it still was in Knight's hands at the time of his death.

Among Knight's other far-reaching decisions was his refusal three years ago to permit the Italian government to extradite Carl G. Lo Dolce, a former army sergeant, for trial on a murder charge. Lo Dolce and a former army lieutenant were accused of killing their commanding officer during a secret mission behind the German lines in Italy during World War 2.

IN 1916 KNIGHT was elected to the State Senate from the old 44th District. He was elected president pro tem by his Republican colleagues in 1925 and led his party in the smaller House during much of the terms of the late Democratic governors, Alfred E. Smith and Franklin D. Roosevelt.

During his years in the Legislature, Knight served as chairman of a special commission whose work resulted in a general rivision of the state's Public Service Commission laws.

President Hoover appointed Knight to the federal bench early in 1931.

Harkavy Arraigned On Statement Charge

David Harkavy of 7 Inwood street, Ellenville, was arraigned before Acting Police Justice Lawrence Levine on Monday on a charge of issuing a false financial statement in connection with his feed, grain and bottled gas business in that village. The complainant is Park and Pollard, feed distributors.

It is alleged in the information drawn up through the office of District Attorney Howard C. St. John, that there is "in excess of $50,000" involved. The information under which Harkavy was arraigned charges an "indictable" misdemeanor. A hearing on the charge was postponed until Monday, June 20, at 7 o'clock, when the matter may be referred to the grand jury for action. Harkavy is represented by Benjamin Lonstein, police justice of the village, who because of his appearance for the defendant became ineligible to sit. Levine will sit as acting police justice in the matter.

MJM Staff Fetes Miller at Dinner

Principal Clifford J. Miller of the Myron J. Michael School, who is leaving to become principal of Kingston High School, was honored Tuesday evening at Casablanca Restaurant by the faculty, cafeteria and custodian staff of the school.

At the conclusion of the dinner Coach Alfred Gruner, on behalf of the entire MJM staff, presented Principal Miller with an overnight traveling case and a gift certificate as token of esteem.

IN ACCEPTING the gift Mr. Miller thanked the staff for its loyal cooperation and emphasized that his one thought on leaving, which would always be with him, was the splendid unity and good fellowship of the entire staff of MJM School.

The banquet tables were beautifully decorated by the hospitality committee consisting of Mrs. Nellie Barrett, chairman, Miss A. Fitzgerald, Miss Miriam Halloran, Miss Gladys Secor and Mrs. Harry Christiana.
